DISPOSAL OF AGUINALDO

Instructions Have Been Sent to Gen. MacArthur by Secretary Root.

CONDITIONS IN THE ISLANDS

Small Bands of Insurgents Are Constantly Surrendering---Aguinaldo Surprised by American Ideas.

Washington, April 3.—After a consultation with the president Secretary Root tonight sent a cable message to General MacArthur giving him instructions regarding Aguinaldo and the views of the administration on some recommendations as to Philippine affairs made by General MacArthur. The contents of the cablegram will not be made public for the present.

It was stated at the war department today that General MacArthur had made no communication relative to Aguinaldo today and that the attitude of this government toward the insurgent had not changed. He is yet held as a prisoner and while he will be treated with kindness there is no disposition to allow him liberty unless it is demonstrated that he intends to comply fully with the amnesty terms and his oath of allegiance.

Aguinaldo is more than an ordinary prisoner and it has not yet been determined whether or not he is responsible for violations of the laws of war. His capture was made with a view of securing results and while General MacArthur's dispatches indicate that these results will be very satisfactory, they have not yet followed.

The cable message sent to Manila was of considerable length and was quite specific as to the policy of the government. It is understood that Aguinaldo would like certain assurances or promises, and the government has informed General MacArthur just what the government would do.

While it is believed that the insurrection would end before long without the assistance of Aguinaldo, the government would be glad to make use of him to hasten the pacification of the islands if it can be done consistently with Aguinaldo's former attitude and consistently with what the best interests of the United States in the island are believed to demand.

Reports received today show that small bands are constantly surrendering in the Philippines and that general conditions are most satisfactory to the military authorities.

HOW AGUINALDO TOOK OATH OF ALLEGIANCE

Manila, April 3.—Chief Justice Arellano, who administered to Emilio Aguinaldo the oath of allegiance to the United States government, described today to a representative of the Associated Press the conditions leading up to and attending the ceremony, which was semi-private. Aguinaldo, still detained in an apartment of the Malacanan palace and awaiting orders from Washington, had expressed himself as anxious to learn more regarding the American system of government and had asked Chief Justice Arellano to enlighten him. The chief justice carefully explained the various measures passed by the Philippine commission, headed by Judge Taft, and showed him what provisions were made for education and progress and for municipal and provincial self-government. Listening with deep interest, Aguinaldo finally exclaimed:

"I never believed the Americans would be so fair and liberal."

Before the conversation had ended he had agreed to take the oath of allegiance and this was immediately administered.

Senor Arellano says: "Aguinaldo's action will induce all the insurgents to surrender and I predict that the islands will be completely pacified by June.

"Aguinaldo is eager to visit the United States, but when I questioned him on the subject of holding office he replied that he had no desires in that direction and intended to retire to private life after a trip to America."

It is reported here this evening that President McKinley has invited Aguinaldo to visit the United States and that the former insurgent leader may sail from Manila April 15. General MacArthur, when questioned regarding the rumor, said he had absolutely nothing to communicate.

MACARTHUR'S REPORT ON COMMISSARY FRAUDS

Washington, April 3.—The following cablegram was received today at the war department from General MacArthur at Manila:

"Brigadier General Robert P. Hughes reports surrender at Bangs, Northwest Panay, March 31, thirty officers, 185 men, 105 rifles. General Kobbe reports 21 men and 21 guns surrendered March 31 northern Mindanao.

"Commissary frauds being investigated, not sufficient gravity to cause concern, apparently due irregularity sales savings. Press reports inexact and misleading.

"MacArthur."

General MacArthur's dispatch as well as other information received concerning the frauds leave considerable debate as to the exact character of these alleged peculations. General MacArthur speaks of "sales." These sales consist of savings by the soldiers on the regular rations which they are allowed to dispose of for their own benefit. Generally the savings are made a company matter and are disposed of in bulk to the highest bidder. They may be returned to the commissary department and bought in by the government at cost price but there is no reason why they should not be sold elsewhere if the managers of the company fund should so desire. As army rations do not pay the usual duty imposed on similar goods used for private consumption the soldiers could make quite a profit on their savings if they were of considerable amount. Sales from commissary stores not including the regular rations are made to officers and men, but only upon a certificate of declaration that they are for the personal use of the purchaser. It is said that no great amount of such sales could be used by any person or persons without detection. Officers or men purchasing such stores and re-selling them would be guilty of violating the army regulations and would be subject to court martial. As to the other savings they are upon the regular rations issued to each company. They might be in flour, meat, sugar or any number of staple articles included in the ration. The money procured for the sale of such savings is usually devoted to the purchases of such supplies as are not included in the ration and many delicacies and varieties of food are thus secured by the men in garrison or camp.

THE DENVER VICTORY

Republican Mayor Elected by Over 1,700 Plurality---Probably Ten Aldermen.

Special to the Gazette.

Denver, April 3.—Returns from the election show that the Republicans have elected the entire city ticket, the board of supervisors and probably 10 out of the 16 aldermen. The following is a list of the successful candidates and their pluralities: R. R. Wright, mayor, 1,766; Paul Sours, treasurer, 5,479; Frank Kratzer, city clerk, 6,308; D. A. Barton, auditor, 5,379; H. M. Orahood, city attorney, 5,669; Peter O'Brien, city engineer, 5,579; W. A. Hover, president of the supervisors, 1,418; T. J. Uzzell, supervisor, 4,146; Carl Lindquist, supervisor, 4,146, W. B. Lowry, supervisor, 4,146; N. Robertson, supervisor, 4,146.

Board of Aldermen—1st ward, P. H. Mullen, Dem., 451; 2d ward, T. McGuire, Dem., 285; 3d ward, J. V. Stodgard, Dem., 62; 4th ward, A. Siebold, Dem., 156; 5th ward, Andrew Kelly, Dem., 266; 6th ward, John Conlon, Dem., [illegible]; 7th ward, William Gahan, Rep., [illegible]; 8th ward, J. O. Parrish, Rep., 850; 9th ward, W. B. Yebbetts, Rep., 575; 10th ward, Nathan Dawson, Rep., 552; 11th ward, G. W. Welck, Rep., 30; 12th ward, G. W. Cochran, Rep., 876; 13th ward, J. B. Ryerott, Rep., 12; 14th ward, [illegible] Gray, Rep., 71; 15th ward, E. [illegible], Rep., 105; 16th ward, O. E. Johnson, Rep., 306.

Late this evening the vote for mayor stood: Wright, 18958; Wells, 16,832; Johnson, 5,013.

It will be seen that there are eight wards where the pluralities are under 200. There will, no doubt, be a number of contests. These contests will be based upon charges of fraud. The result was a complete surprise to everyone, even to the Republicans themselves. Every person has a different reason to offer for the result. Mayor Johnson takes the situation coolly. In a printed interview he credits the result to the fact that the Democrats were divided and that the people of Denver would not be bossed. The Republicans are planning for a big ratification meeting.

THE KAISER'S SPEECHES.

Berlin, April 3.—The German press is still busy discussing the recent speeches of Emperor William.

The Westphalen Mercur and the Cologne Volks Zeitung assert that the kaiser is greatly mistaken if he thinks his trips through the country enable him to know the real opinion of the German people concerning him.

"On the contrary," as one of these journals remark, "these trips only serve to create within him a false notion, for he seldom hears anything but laudation and flattery."

There seems no doubt, however, that his majesty told the delegations of the Prussian diet some severe things during the recent audiences regarding the self-seeking policy of the Conservatives and agrarians.

CHINESE DEFEATED.

Berlin, April 3.—The war office has received a dispatch from Count von Waldersee formally reporting the defeat March 31 of 1,000 Chinese robbers by a company of Germans seven miles north of Tien-tsin. He adds that the robbers are being pursued and that also a detachment of infantry, at the request of the Chinese local authorities, has been sent from Tien-tsin to Hwang-sun and Liu-ting-kau to protect the inhabitants from robbers.

ALL THE NEWS

Rain and colder today; fair tomorrow, westerly winds.

Silver 58⅝c. Lead dull and unchanged at $4.37½. Copper nominally at $17.

New York stock market was a record-breaker in many particulars, the extent and variety of the price movement being rarely equaled in a bull market. Delaware & Hudson and Rock Island were the leading stocks. Money on call steady at 2 per cent.

Chicago grain was active and weak. Wheat closed 1⅜@2c lower and corn lost 1⅜c. Provisions active and irregular.

STATE

Harlan J. Smith of Pueblo will become colonel of the Second regiment N. G. C.

Fire at the Standard fire brick yard in Pueblo destroyed a $500 building yesterday afternoon.

J. L. Crank, a Pueblo attorney, has been arrested charged with embezzlement while he was assistant postmaster at Rye.

Eugene Henkley, a Victor miner, was robbed of $250 on Portland avenue at 3 o'clock yesterday morning.

Republican mayor in Denver was elected by over 1,700 plurality.

Governor Orman has appointed Col. George M. Gardner of Hinsdale county as adjutant general. State Engineer McCune has been reappointed.

According to a principle laid down in an opinion by Attorney General Engley in 1893, based upon a supreme court opinion, the revenue bill adopted by the Thirteenth general assembly is invalid.

General Fitzhugh Lee is the guest of General Merriam in Denver, and yesterday took the trip over the Georgetown loop.

Milton Smith has declined the appointment as state oil inspector, on the ground that the office is incompatible with his legal profession.

The fourth fire since November occurred at the City Package Delivery company's place in Denver last evening.

FOREIGN

M. Delcasse, the French minister of foreign affairs, is expected in St. Petersburg about April 29.

It is reported in Canton, China, that the viceroy has received a telegram from the court to the effect that a peaceable settlement of affairs is impossible. The viceroy is described as being much disturbed at this communication.

D'Oyly Carte, the theatrical manager and impresario, died yesterday morning at Tunbridge Wells, counties of Kent and Surrey, England.

A dispatch from Odessa says famine and typhus are raging throughout the governments of Kherson and Bessarabia and portions of the government of Kieff and Taurida. The mortality is 30 per cent of the entire population.

The French minister of marine, M. De Lanessan, has ordered the construction of twenty additional submarine boats.

About 5,000 dock laborers presented themselves for work at Marseilles. Of this number 2,000 were employed.

Formal announcement has been made to Russia that China refuses to sign the Manchurian convention.

The Portuguese foreign office has received a note from the French government, expressing in a friendly spirit France's desire that Portugal should resume negotiations with her foreign bondholders.

GENERAL

The Spanish cabinet council has approved the basis of a treaty of peace and friendship between Spain and the United States.

J. Pierpont Morgan sailed for Europe on the steamship Teutonic yesterday.

William G. Chadwick, formerly one of the best known steamboat men in the south, dropped dead at Louisville, Ky. During the civil war he was pilot on various noted gunboats on the Cumberland, Tennessee and Mississippi rivers.

MINING

The market was again very light, and although a few fractional gains were secured, the general tone is that of hesitation bordering on weakness. Butterfly was strong at 45c, Central closed at 9⅝c, Doctor-Jack Pot 86c, Elkton $1.77, Golden Cycle 76½c and Portland $3.03.

The directors of the Vindicator company have agreed to increase the dividend rate, and will declare a 3-cent dividend on Saturday. Manager Campbell reports that the mine is earning enough to warrant the increase.

H. H. Dorsey, of the Grace Oil company, returned yesterday from Beaumont, Tex., and reports great excitement and unparalleled activity. He says that there is almost no limit to the market.

The differences between the Creston Leasing company and those who sold them the Ollie lode have been adjusted by the purchase of the Creston interests at 51 cents on the dollar.

A Mr. Bell, one time oil promoter of 23 North Tejon street, has packed up and left town, presumably because of an exposé published in the Gazette a week ago.

The Gould company will probably increase the capitalization to 2,000,000 shares for the purpose of acquiring additional property and paying off the present indebtedness. A meeting is called for May 3.

The Northwestern Oil company has encountered a pay flow at a depth of 1,250 feet in Routt county, and the officers are very much encouraged.

LOCAL

News of Colorado City: It will not be a "wide open" town.

College glee club left at 4:40 this morning on its spring tour.

MINERS IN INDIANA.

Terre Haute, Ind., April 3.—At the final meeting tonight of the representatives of the 6,000 miners in the Indiana fields and the operators, the miners surrendered to the operators on the claims of the purchase of powder and the threatened strike is averted. By the agreement the miners for a year must buy their powder from the operators at $1.75, instead of in the open market. This rule prevails in Ohio and Illinois. There is much bitterness among the miners, who are divided into two factions on the proposition. The miners will resume at once.

PURCHASED BONDS.

Washington, April 3.—The secretary of the treasury today purchased at New York for the sinking fund $672,000 in government short-term bonds on substantially the same terms as the $2,000,000 purchased yesterday.

$2,500,000 purchased yesterday.

REMARKABLE CONSPIRACY

Valet Jones Told Detailed Story of Plot to Secure Rice's Millions.

CAUTION AND THOROUGHNESS

Experiment Was Made to Test Success of Forgery Patrick Will Make a General Denial.

New York, April 3.—Charles F. Jones, who was the valet secretary to William Marsh Rice, the aged millionaire, who, according to Jones' confession yesterday was murdered by the use of chloroform in September last, finished his testimony today on direct examination in the proceedings before Justice Jerome, charging Albert T. Patrick with murder.

The story of the murder and conspiracy which Jones outlined on Tuesday, he today filled in with a wealth of detail, and with a coolness and nerve, which, under the circumstances, was almost overwhelming.

According to the story of the valet secretary, he and Patrick had drawn up the bogus will and were waiting with what patience they could for old man Rice to die when a mill burned down in Texas. Rice's connection there desired to rebuild it and he spoke of advancing the $50,000 or $125,000 required to replace the burned property.

"Patrick told me to use all my influence with Rice," said Jones today, "not to rebuild the mill as this would take out all the ready cash from the estate. But Rice insisted on advancing the money and presently authorized a draft for $25,000 for one of his correspondents in Texas. Word of the draft arrived in New York on Saturday and Jones, in accordance with his compact, told Patrick about it. It was only $25,000, but, according to the valet, Patrick felt that he could not spare even this much out of the millions that he was already counting as his own.

"He then said," testified Jones, "that he would have to do something to get Rice out of the way before Monday, when the draft would arrive."

Even more illustrative of the caution and thoroughness of the alleged plot conceived and carried out by these men was another instance related by Jones. The manager of Rice's estate in Texas, a man named Colton, was in the habit of sending Rice monthly a check made out in his name for his salary. Rice paid him by signing the check and mailing it back to him. When one of these checks came along and after Rice had signed it and given it to Jones to mail, he turned it over to Patrick in order that the latter might practice on the signature. The next check that came from Cohen was signed with the forgery of Rice's name and sent along in order, by its passage through the banks of Texas, that they might test the merit of their forgery.

The experiment was an entire success and gave them great confidence in the greater forgeries yet to come.

There was one point today at which it was confidently expected Jones would give some sign of emotion. It was even anticipated that he might break down. This was when he was asked about the effort he had made at suicide in the Tombs, but expectation was again disappointed.

It was on cross examination that Jones really demonstrated that he was emotion proof. Robert Moore went about the cross examination in a spirit of thoroughness that would have disturbed more men. Gradually he felt along the outline of Jones' story until he had satisfied himself that there was nothing to be gained by a patient siege and then he attempted to storm Jones' position. When he spoke of the killing of Rice he called it murder and he kept the electric chair in the mind of the man on the witness stand who answered everything as calmly and as quietly as if the thing was merely a perfunctory rehearsal. It was impossible to shake the testimony of the witness. He had a memory like an almanac and his replies were phonograph-like in their brevity.

Perhaps the only point where the attorney for Patrick even appeared to shake the nerve and confidence of Jones was when he extorted a statement from him that he hoped by telling his present story to escape the death penalty for murder.

Patrick's defense will be a general denial. It will not be revealed in detail until the actual murder trial takes place which will probably not be until October next. Jones, according to the defense, was the arch-conspirator, and Patrick was only the innocent tool of the valet.

CHINA'S REFUSAL

Russia Has Been Formally Notified That Manchuria Convention Is Rejected.

Peking, April 3. The Chinese government has formally notified Russia that China, owing to the attitude of the powers, is not able to sign the Manchurian convention.

"It is China's desire," says the formal notification, "to keep on friendly terms with all nations. At present, she is going through a period which is the most perilous in the empire's history and it is necessary that she should have the friendship of all.

"However much she might be willing to grant any special privilege to one power, when others object, it is impossible, for the sake of making one nation friendly, she should alienate the sympathies of all others."

Li Hung Chang says this letter settles the matter definitely and that Russia was informally notified to the same effect March 29.

Prince Chang asserts that every Chinaman except Li Hung Chang was against signing the convention.

Washington, April 3.—Great interest was manifested in official and diplomatic circles tonight over the Associated Press report that the Chinese had determined not to sign the Manchurian agreement. No official information had reached this government or the principal foreign embassies.

To the Russian ambassador the news came as a great surprise, as he had hoped for a successful conclusion of the convention. Russia, he said, had informed the Chinese government that she did not mean to take Manchuria and that her desire was to make such arrangements as would avoid the repetition in the future of the Boxer troubles of last summer. The ambassador declined in the absence of official advices to indicate what probably would be the future course of his government. Russia, in a measure, controls the situation in Manchuria, as she has possession of the country, and the great mass of her soldiers now in Asia are within that territory. China having refused the terms specified by Russia, the Russians assert she may take her own good time and retire from the country whenever she is inclined to do so. She has proclaimed to the world that her intentions regarding Manchuria are entirely honorable, that the proposed agreement was purely temporary and not intended to impair the sovereignty of China or to injure the interests of the other powers.

Such being the case it was suggested by a diplomat tonight that the powers must have confidence in the honesty of the Russians. The suggestion is made also that perhaps the Russians may attempt to obtain a further modification of the proposed agreement with China or only seek to obtain from the powers opposed to it in its present form the points of objection held by them with a view to the preparation of a future document that will overcome many of these objections and assure without any equivocation whatsoever the absolute integrity of the Chinese empire and render it free from an entanglement that may menace it as the results of such agreements.

The United States was firm in the opinion that it was inexpedient for the Chinese government to enter into a treaty with any of the powers interested in the present status of the Chinese situation pending the general settlement of the matters at issue and this position, backed by the views of other governments, it is felt here, has been an important factor with the imperial government in determining its attitude toward the Russian government.

MR. YERKES' WORK

He Has Completed the Preliminaries in Connection with the Charing Cross and Hamstead Railroad.

London, April 3. Mr. Charles Yerkes has completed the preliminaries of his year's work in connection with the Charing Cross and Hamstead underground railroad. He sails from Southampton for New York April 5 on the steamer Deutschland and will pick up his family at Cherbourg on the way to the United States. Mr. Yerkes astounded his English conferees by his energy, as a result of which he has accomplished more in a few weeks than they supposed was possible in as many months.

"I am not surprised at Mayor Harrison's re-election in Chicago," said Mr. Yerkes tonight, "but I have given little attention to anything else than to my own affairs since landing in England. The election of Tom Johnson as mayor of Cleveland ought to result in good business and not politics is interesting me now. I have nothing to say in regard to rumors of my connection with the District Underground just now. It is only necessary to state that I am contented with my work on the Charing Cross and Hamstead railroad and am leaving all other ideas for the future."

CHINESE INDEMNITIES

British, German and Japanese are the Only Claims not Ready to be Presented.

Peking, April 3.—As soon as the generals of the powers notify the ministers as to what disposition is desired of articles 8 and 9 of the protocol, everything will be practically concluded except the indemnities, the only claims not ready being the British, German and Japanese. The Germans say they can be ready in two days, and the Japanese assert that they can be ready at a moment's warning. Private claims, however, can be filed until May 14.

A majority of the ministers are in favor of making a general claim as soon as the German claims are in, making allowances for a few thousands for possible future claims, although it is believed that all private claims are now filed.

Li Hung Chang and Prince Ching have sent to the court for approval the list of names presented by the ministers of the powers for punishment. The list has been reduced to four names for degradation and to ninety-one for loss of office. No objection is anticipated, as the men are only prominent in local communities.

A PROMISCUOUS SPOUTER

Beaumont, Tex., April 3.—A disastrous fire is in progress in the oil fields. The Woods well struck a heavy flow of gas tonight and it caught fire from a torch in the hands of a workman. The flame shot in the air high above the derrick, and continues to burn. This well is 150 feet from the Hamill well, which developed the same gas feature a few days ago. Water, mud and rock are shooting out of the pipe sixty feet high and contact with the names makes a cloud of steam.

Another oil well was developed here today. It is on the land leased by the J. M. Guffey company.

IN THE BALKANS

Government is Said to Be Incapable of Coping with Agitation of Macedonian Committee.

Odessa, April 4.—It is asserted here that the Russian political agent in Bulgaria has sent to St. Petersburg a very pessimistic report regarding the situation in the Balkans, declaring that the Bulgarian government is quite incapable of coping effectively with the agitation of the Macedonian committee, and there is constant danger of some untoward incident leading to a conflagration.

The report emphasizes the ominous fact that Turkey will listen to no foreign intervention with regard to Macedonia, because any concession of Macedonian territory would lead to a holy war. It declares that the only thing is for Russia to help Bulgaria to suppress the Macedonian committee.

JAPAN BELLICOSE

London, April 4. "The Japanese press continues very bellicose," says the Yokohoma correspondent of the Daily Mail, wiring yesterday. "Count Okuma, formerly premier and now leader of the opposition, declares in the course of an incisive article, that Japan must assert herself or the work of 30 years will be lost. Korea, he says, is not a Russian chattel and Russia's action is a direct challenge to Japan."

RESULTS IN KANSAS

Municipal Elections Show that Prohibition Sentiment is Still in the Ascendency.

Topeka, Kan., April 3. The municipal elections in Kansas this year have been of much more than usual interest. Mrs. Nation's crusade and the subsequent widespread revival of interest in the enforcement of prohibition, combined to make the city elections the battlefields upon which in a large measure would depend the ultimate fate of the prohibition law. The results of the various elections over the state yesterday serve to show that the prohibition sentiment is still in the ascendency. In Atchison and Leavenworth the temperance issue was not brought up, city improvement and other questions taking the precedence. In Wichita the temperance people made a fight for supremacy, but polled only about 18 per cent of the vote. Numerous cities went straight Republican. In nearly every case the Republican candidates were law-enforcement people and their election can therefore be counted a victory for that element.

RESULT IN TOPEKA.

Republican Mayor Ran Behind His Ticket and was Defeated.

Topeka, Kan., April 3.—Albert Parker, Democrat, was elected mayor over Hughes, Republican, by the small majority of 17 votes. The vote was so close on mayor that the result was in doubt until the final count was received shortly after 8 o'clock this morning. The Republicans elected the balance of the ticket with the exception of two councilmen. Hughes ran considerably behind the rest of the ticket on account of the bitter fight at the Republican primaries, many of the Republicans opposed to his nomination voting for Parker at yesterday's election.

Will Contest the Election.

Topeka, Kan., April 3. Col. J. W. F. Hughes, the Republican candidate for mayor, who was defeated yesterday by A. W. Parker, Dem., by 11 votes, announced this evening that he would at once institute contest proceedings. J. W. Gleed, the well-known lawyer, will have charge of the proceedings.

Colonel Hughes bases his claims on alleged frauds perpetrated in the Russian vote. About 200 Russians voted for Parker on both the Democratic and Citizens tickets, not knowing any better, and this, the Hughes managers claim, will defeat Parker.

CHICAGO CITY COUNCIL.

Republicans Have 39 Votes to the Democrats 29.

Chicago, April 3.—The new Chicago city council, which probably will be called upon to decide the question of the extension of the street railway franchises and other public grants worth many millions, is reported Republican by a majority of 10 votes. As a result of yesterday's election the council will be made up of 39 Republicans, 29 Democrats, 2 independent Republicans and 2 independent Democrats. This makes a total of 72, or two more than are provided for by law, the tangle being caused by the recent ward re-districting and the consequent shifting over of two hold-over aldermen in the 2d and 21st wards. The new council and the courts will be called upon to decide the problem.

According to the leaders of both parties, the council probably will be organized on non-partisan lines. This will be in accordance with the policy of Mayor Harrison and of the Municipal Voters league, a non-partisan organization which has been prominent in the recent local campaign.

PLAGUE AT CAPE TOWN.

Cape Town, April 3.—Several plague corpses have been found in the streets and houses, indicating efforts to conceal contact with the disease. The total number of deaths from the plague is 107, including 22 Europeans. There have been 315 cases of the plague.

PEACE ENVOY EXECUTED.

London, April 4.—The Bloemfontein correspondent of the Morning Post asserts that the Boers have tried for treason and executed Mr. De Kok, the peace envoy who took the message from General Smith-Dorrien to Commandant General Louis Botha.

ATCHISON DIRECTORS.

New York, April 3.—The regular monthly meeting of the Atchison railway directors was held today, but no action was taken in regard to a dividend on the common shares. This question, however, was made a special order for the May meeting.

STORM AT PITTSBURG

Loss From Damage Caused by Heavy Snow May Reach $300,000.

ALL WIRES MADE USELESS

Suburban Towns to the Eastward Suffered All Trains Delayed For Hours.

Pittsburg, Pa., April 3. Pittsburg was today the center of a snow storm which began early in the morning and continued until late in the afternoon, doing thousands of dollars' worth of damage, rendering practically useless for a time every electric light wire in the city, suspending all street car travel and in the early hours isolated the city from the outside world.

A heavy rain fell before the storm came and all reports from up river points tell of rising streams, which may bring about a flood here and below.

The losses cannot be fixed tonight, but conservative estimates place the amounts at between $250,000 and $300,000. Telegraph and telephone companies are the heaviest losers by reason of the fact that their lines reach every part of the storm district.

Early in the morning a heavy wet snow began falling. It clung to everything it touched and by 9 o'clock all the wires in the city were coated with snow. The trunk lines of the central district were the first to fell and most of the other troubles that followed are attributed to the failure of this service. On Ellsworth avenue from Anderson avenue to Craig street the wreck is complete, every pole being down. Five Consolidated cars were caught in this district and were held there until after 9 o'clock tonight. Center avenue from Pennsylvania avenue to Craig street is in almost as bad condition as Ellsworth. Forbes avenue, from Craft avenue to Craig street and Grantstown avenue, for a long distance are a mass of poles and wires. These streets were blocked from 9 o'clock until 1:30 p. m. Not a car moved east of Brady street. Travel was not resumed on the Fifth avenue line until 1:30, the other branches following rapidly until all except the Ellsworth avenue line were open by 5 p. m.

The telephone company has a large force at work and say they will be in operation within a day or two. Tonight, however, at least one-half of their telephones are out of communication.

The storm passed eastward and all of the suburban towns in that district suffered. Wilkensburg, Braddock, Homestead, Duquesne and McKeesport, all report business at a standstill for a portion of the day.

Allegheny escaped with comparatively little damage, a landslide at the head of Federal street, which brought tons of earth to the street, covering the car tracks to a depth of five feet, was the worst that happened there.

Mount Washington and the other hill tops suffered greatly. All trains from the east are hours late, having encountered in the mountains show to the depth of 12 to 15 inches, which was so wet and clinging that snow plows could not clear the tracks. For a time it was feared there would be a blockade on both the Pennsylvania and Baltimore & Ohio roads, but tonight all trains are getting through, but not on schedule time.

The Western Union and Postal Telegraph companies suffered heavily.

PHILLIPS DRIVEN FROM WHEAT BUT NOT CORN

Chicago, April 3. A strong effort was made on the board of trade today to crowd George H. Phillips, the "corn king," to the wall. He was driven clear out of the wheat market but gave up none of his holdings in corn and oats. The day was the biggest of its kind the board has witnessed in many years, the governing conditions unusual and the jam of struggling and howling brokers and traders cutting antics filling the public galleries to the limit. May wheat sold down to 71½ to 71⅝ and closed at 72¾@½, a net loss for the day of two cents. May corn tumbled to 40¾, the net loss for the day being 1⅞. The slump was hastened by the closing out of trades of a St. Louis operator. May oats went to 24½ and closed at 24⅞ cents. Calls for margins were made on Phillips to the extent of nearly $250,000 more, all such demands being met promptly. His firm now has nearly $500,000 up as margins, some of which will be released tomorrow. The attempt to snatch the scepter from the "corn king" resulted in further heavy losses to his customers either actual or paper profits in corn and in heavy losses on oats, but Phillips stuck to his policy. At the close he declared that he had not been shaken out of his corn and oats and believed they would be better tomorrow.

The wheat deal was a different story. Phillips advised his customers to sell, and unloaded nearly 1,000,000 bushels early. This wheat showed an average loss of at least 2½ cents a bushel or nearly $25,000. The markets were intensely nervous and in wheat in the final minute of the session prices ranged from ½ to nearly 2 cents below the closing price. The prompt response by Phillips to morning calls for margins steadied the markets but toward noon, on his selling out his wheat on general liquidation and on the reported failure of a St. Louis corn speculator, there were further sharp declines. After the close he was advising customers to keep a "stiff upper lip," and was acting on that advice himself.

"I believe that corn and oats have had all the break they will have," he said, "and will do better tomorrow. I have advices from two dozen points in Illinois and Iowa that farmers have little corn to sell or that roads are impassable and feeders are taking the corn at higher than Chicago prices and that seeding of oats is already delayed a week. There will be more rains the next week and if seeding should be delayed until April 15, as is quite likely, you will see oats go up two cents a day till people forget that they ever sold at 25 cents."

REMARKABLE PLEA BY RUSSIAN GOVERNMENT

Washington, April 3. The St. Petersburg dispatch to the Associated Press printed this morning has aroused interest in official circles here. For the same reason that prevented the correspondent from quoting any authority in the Russian government as a source of the suggestion contained in his dispatch it is not possible to cite official authority for the comment, that has been passed upon the suggested Russian plea. This, in brief, is that the action of the powers in opposing the Manchurian agreement will make it impossible for Russia to leave Manchuria at all.

The comment upon this suggested plea is that Russia deliberately proposes to commit a greater offense in the permanent seizure of Manchuria if the powers will not connive at a lesser one in allowing her to make a secret and private agreement with China. This plea, it is said, would be laughed out of any court of international law, so disingenuous is it. Russia is displeased because the powers discouraged China from signing the agreement, yet Russia herself joined with the other powers in undertaking to avoid any such private arrangements involving the acquisition of Chinese territory.

Even if she persists, even if she forces China to sign the Manchurian agreement, there is no obligation upon the powers and certainly not upon the United States, to whom this Russian pledge was given, to look upon it as binding at any point. By the same reasoning, should Russia, failing to secure an agreement, continue in Manchuria beyond a reasonable time, there is no obligation upon any power to respect her title and it may be predicted that this subject will lead to controversy of the gravest character.

HAWAIIAN LEGISLATURE APPROXIMATES FAILURE

Honolulu, March 27, via San Francisco, April 3.—The legislature has now completed half of its term of session and only one bill has reached the governor. This bill is a bill appropriating money for the expenses of the session. In both senate and house constant debates over small matters have prevented the transaction of business, the senate especially having occupied nearly all of its time in debate over rules and quarrels over the rulings of the president.

The home rulers have many caucus measures pending which are beginning to be in danger of failing to pass for lack of time, and they are preparing for night sessions to force the transaction of business. Seventy bills are before the house and half as many are before the senate.

Dr. N. Russell, president of the senate, today presented his resignation. His action was due to a disagreement with other members of the home rule party on the dispensary law. Dr. Russell is the author of the bill which has been held in committee for a long time. In caucus last night he threatened to resign if the bill was not reported today and this morning he carried out his threat. His resignation has been rejected but he refuses to occupy the chair.

The house is considering a specific tax on sugar as a means of raising revenue in the islands. More resolutions calling upon heads of departments for correspondence with Washington have been passed and a number of investigations are in prospect.

Governor Dole has given the house, in conference with a special committee his correspondence with Land Agent Brown on the subject of the latter's trip to the national capital as an agent of the territory.

Governor Dole has signed proclamations transferring the custom house property of the islands to the federal government in accordance with section 91 of the territorial act. The property affected is in Honolulu, Hilo, Kahului and Mahukona.

GREEKS INFURIATED.

London, April 4.—The Morning Leader publishes the following dispatch from Vienna:

At Smyrna, on the strength of rumors that the Jews had murdered a Greek lad for ritual purposes, ten thousand infuriated Greeks stormed the Ghetto. The Turkish troops charged the mob with bayonets, one person being killed and fourteen wounded.

DENMARK ELECTIONS.

Copenhagen, April 4.—The elections to the folkothing have resulted in a sweeping victory for the opposition and an overwhelming defeat for the government. Of the 110 constituencies from which complete returns have been received, the opposition, composed of the Leftists and Reformists, have carried seventy-three and the Moderate Leftists fifteen, the Social Democrats fourteen and the Rightists or Ministerialists eight.

The few seats that remain are doubtful, or will call for second ballots.

NEWS TOPICS FROM DENVER

Governor Orman Appointed J. C. Overmyer's Successor.

ADJUTANT GENERAL GARDNER

Additional Evidence that the New Revenue Law is Invalid. Milton Smith Declines Office.

Denver Bureau
Colorado Springs Gazette.

Denver, April 3.—Gen. Fitzhugh Lee arrived in the city late last evening and is the guest of Gen. Merriam. A trip around the Georgetown loop was taken today. Gen. Lee is on his way to the Pacific coast to spend a few weeks before he retires to his Virginia home.

Milton Smith, who was appointed oil inspector by Gov. Orman, has declined the office. In declining he says that the duties of the office are not in line with his business and that he would be compelled to neglect his law business.

The revival meeting at Trinity church which is being conducted by Bishop Hendrix of the Southern Methodist church and Bishop Warren of the Northern church is proving a grand success as far as numbers and interest are concerned. The church is crowded every afternoon and evening.

Adjutant General.

Gov. Orman today made the following appointments: Colonel George M. Gardner, Hinsdale county, adjutant general, to succeed J. C. Overmyer of Pueblo. Addison J. McCune, Grand Junction, state engineer, to succeed himself.

The following were named to make the semi-annual examination of the books of the state treasurer and state land board: Arthur Nye, Lookmont; H. W. Preston and A. E. Wilson of Denver.

Status of Revenue Bill.

A number of local attorneys have spent today investigating as to whether the revenue bill is valid or not. The only opinion found was that of Attorney General Engley, which was delivered for the benefit of Gov. Waite in 1896. The questions involved were exactly similar to the question in this case and he held that it was passed after midnight were invalid. The matter, however, was not taken to the court, for the governor vetoed the measure upon the opinion of the attorney general. In the opinion the attorney general quotes from the supreme court as follows: "In the computation of time presented by constitutional or statutory provision for the performance of official duties the general rule, subject to no exception occurring in the present case, is that fractions of a day are not to be noticed, but each fraction of a day is to be considered in the computation as a full day." In his opinion on the bills presented him by Gov. Waite the attorney general said: "I believe that so much of the principle adopted by the supreme court as is applicable, that is that each fraction of a day is to be considered in the computation as a whole day, should be adopted in the matter, and hence I conclude that no legislative function could be exercised by the ninth general assembly after the ninetieth day at midnight. It was functus officio by constitutional limitation." As Gov. Orman has already signed the revenue bill it will no doubt be tested in the courts.

Visited Governor.

The governor's office was crowded all day today with the members and employes of the assembly who have completed their work and who called to pay the chief executive their respects before departing to their several localities. A number of employes expressed dissatisfaction because the governor had not signed the appropriation bill, thus allowing them to cash their vouchers. In the governor's office it was explained that the visitors had so completely occupied the time that it was impossible for him to sign any bill.

The following have been elected members of the Denver Stock Exchange: E. P. Brown, Ramsay C. Boyd, W. J. Fowler, George N. Hancock, George M. Mitchell, George C. Martin, H. A. McIntyre, W. B. Pullen and H. S. Shaw.

Judge Gunter, the newly appointed judge of the court of appeals, was sworn in today. He takes Judge Bissell's place. Miss Marie Young of Trinidad was appointed Judge Gunter's stenographer.

Fire at the City Package Delivery company's place of business did slight damage at 5 o'clock this evening. This is the fourth fire at the place since November.

THE SCOTCH STRIKE.

Glasgow, April 3.—At a conference of the Lanarkshire coal masters held this afternoon it was decided to refuse the striking enginemen any concession and a protracted strike is anticipated.

This dispute and the consequent idleness of the miners threaten to have disastrous effects upon Scotch trade. Iron furnaces and steel makers are closing tonight in several steel centers. Coal in Glasgow rose 6 cents per ton today.

The struggle is likely to be prolonged.

EVANSVILLE REDEEMED.

Evansville, Ind., April 3.—The city elections here resulted in a Republican victory. Charles G. Covert was ejected mayor. The city council will stand eight Republicans and three Democrats. The result is a complete reversal of the city government, politically. By recent amendment of the city's charter these officers will serve for four years.

COLOMBIA REVLUTION

Kingston, Jamaica, April 2.—According to advices received here today from Colon, Colombia, the rebels continue to hold strong positions in the neighborhood of the city of Panama. The attempts of the government troops to drive them out have signally failed and the government commanders are now content to guard the city against attack.

The Liberals are confident of ultimate success. Business in important districts of Columbia is still paralyzed.

HIS SEVENTH TERM.

St. Louis, Mo., April 3.—Returns show that M. M. Stephens, Democrat, who ran for mayor on the citizens ticket in East St. Louis, has been elected by a majority of 1,500. This is the seventh time that Mr. Stephens has been elected mayor of East St. Louis.

HELPS OVER THE HILL

Got Lots of Brain Work? Use Grape-Nuts

"I find Grape-Nuts very helpful to a man troubled with the cares and worriment of business," says Louis Fox, Jr., of 58 S. 4th street, Philadelphia. "At the time I commenced using the food I was very weak from want of properly selected food.

"The help I received from the powerful food elements in Grape-Nuts was indeed wonderful.

"I am able to use the food regularly for breakfast, [illegible] the food gives [illegible] of new vitality and [illegible] Actual use proves the proposition.

THE NEWS OF CRIPPLE CREEK

Condemnation Proceedings in the District Court.

THE FUNERAL OF JOHN RAND

Conducted by Elks and Grand Army Men. Suit Against the County Treasurer Over Tax Sale.

Cripple Creek Bureau
Colorado Springs Gazette.

Cripple Creek, April 4.—The Colorado Springs and Cripple Creek District Railway company has by its attorneys, [illegible] condemnation proceedings in the district court today against the Londonderry Mining company to secure a right-of-way across the Fairview, High Tide and Londonderry lodes. The complaint avers that this right-of-way is necessary for the extension of the road from Hoosier Pass through Stratton's to Midway. The company is willing to pay $100 for the surface right.

John F. Boyle commenced suit in the county court today against the Elkton Consolidated Mining and Milling company to recover wages. He alleges in his complaint that he worked 21 days for the defendant company from March 1 to March 23, 1901, and although he has demanded payment for the work the defendant company has refused to settle. He sues for $52 and costs of suit.

The Wells G. M. Co. commenced adverse proceedings in the district court today against the Black Queen G. M. Co. The plaintiff company sues for the ground in conflict between the Ida May lode and the Stratton Ridge lode, $100 damages and $100 expended in the proceedings.

Suit Against County Treasurer.

As a result of the sale of property for delinquent taxes Annie O'Connell, a minor, by her next friend, J. O'Connell, commenced mandamus proceedings in the district court today against John M. Heineke, treasurer of Teller county. The complaint sets forth that Dec. 12, 1900, the treasurer sold at auction to M. L. Chase property in Cripple Creek belonging to the plaintiff for unpaid taxes of 1896. On March 8, 1901, the plaintiff offered the taxes to the county treasurer, but he refused to accept them. The plaintiff prays for a writ of mandamus to compel the treasurer to accept the taxes and to give the plaintiff a redemption deed to the property. The plaintiff further prays that the treasurer take from the person to whom the tax deed was issued a quit-claim deed for the property. Damages in the sum of $100 and costs of suit are asked.

Funeral of John Rand.

Funeral services over the remains of John Rand were held this afternoon in Elks hall and were conducted by the B. P. O. Elks and by the local G. A. R. posts, of which organizations deceased was a beloved member. Exalted Ruler J. Maurice Finn of the Elks paid a glowing tribute to the deceased in his funeral address. The casket was covered with floral offerings. The funeral procession, which was a very long one, was led by the Elks band, followed by the G. A. R. veterans, the Elks and a large number of friends in carriages. The interment was at Mt. Pisgah cemetery, where the remains were laid at rest in the same grave as were the remains of his daughter who died about two years ago.

Coroner Dunn today held an inquest over the remains of Al. Tisdale, alias James A. Boston, who was shot and killed on Monday night by Marshal H. McBeth in a Gillett hold-up. The jury brought in a verdict finding the shooting justifiable.

J. S. Allen commenced suit in the district court today against William J. Trinhoff to set aside a deed of trust to Cripple Creek property.

Grace Carlyle and E. J. Sexton are made defendants in a suit for $5,000 damages filed in the district court today by John Pennington. The plaintiff alleges that through the efforts of the defendants he was maliciously arrested for disturbance and falsely imprisoned in the county jail for a period of 12 hours. The suit is the outcome of the difficulty relative to the furnishings of the house conducted by the defendants on Fourth street.

An action for $5,000 damages and a recovery of the house-furnishings was filed in the district court by George H. Hurt. Grace Carlyle is made defendant in the suit and she is charged with unlawfully holding the goods.

Mining Deeds Filed.

The following mining deeds were filed for record today in the county recorder's office: The Longfellow G. M. Co. to Chas. W. Kurie, trustee, the Longfellow and Longfellow No. 2 lodes, $10,000. Chas. W. Kurie, trustee, to the Stratton and Cripple Creek M. & D. Co., the Longfellow and Longfellow No. 2 lodes. Stamps indicate a consideration of $425,000. W. H. Chittenden to the Stratton Cripple Creek M. & D. Co., the Adopted lode, stamps indicate a consideration of $1,000. E. P. Arthur, Jr., to the Dorothy G. M. Co. half interest in the Georgiana lode, $500. W. Y. Kase to the Dorothy G. M. Co. half interest in the Dorothy lode, $500. The Franklin Roby M. & L. Co. to Chas. W. Kurie, trustee, the Little lode, $30,000. Chas. W. Kurie, trustee, to the Stratton Cripple Creek M. & D. Co., the Little lode, stamps indicate a consideration of $214,500. W. W. Shafer et al. to the Hazel Kirk G. M. & T. Co., the Big Lie, Nellie and Carl F., Lydia B. and Katherine lodes, $7,000.

National hotel arrivals today were: H. H. Dudley, L. W. Cunningham, W. F. Bartlett and [illegible] of Colorado Springs; [illegible] Hon. William R. Hutton, J. [illegible] Frazer, H. H. Dunham, J. S. Maussin, F. W. M. Arthur, W. Wetmore, A. L. Price, H. S. Wingus, Chas. F. Potter, M. Emmette, J. O. Wright and C. F. Burgess of Denver, F. Goodell of Burlington, Mo., C. M. Sandifer, Georgetown, Ky., Fred O. Potter and wife and Miss Ed. Potter of New York, Denver, and wife of Woodsport, N. Y., C. F. Dodge, N. A. Smith and F. M. Stephens of Chicago, and A. [illegible] Steamer of Paris.

ANACONDA

Special to the Gazette.

Anaconda, April 4.—The new board of trustees will meet for a few night and organize for the year. The town officers are Mayor Peter Murray; Trustees W. L. Keane, E. G. Foreshaw, Thomas E. Smith and L. G. Caldwell.

Mrs. George Washburn of Colorado Springs is visiting friends here this week.

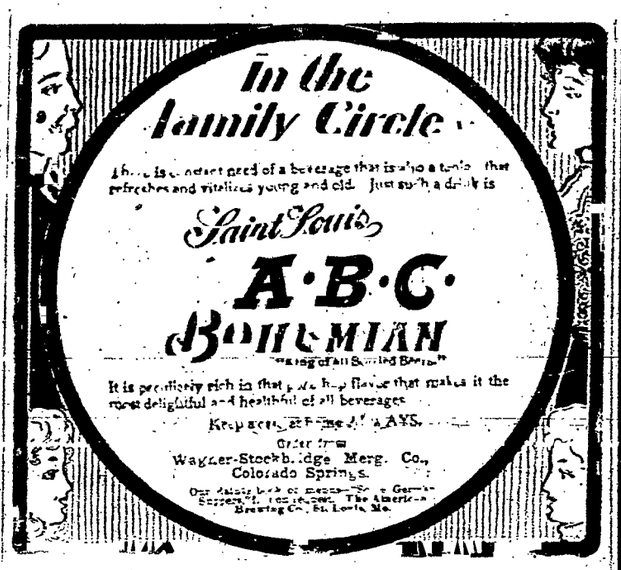
L. L. McPherson of Wichita, Kas., was a visitor in Anaconda yesterday.

Mrs. Frank Stearns left yesterday for Colorado Springs where she will reside in the future.

THE ELECTION AT FOWLER.

Special to the Gazette.

Fowler, Colo., April 2.—The municipal election today was a surprise to the most sanguine of the "Drys." The Citizens ticket was elected by a large majority over the Taxpayers ticket, J. S. Gilbert being re-elected as mayor. Mr. Gilbert is one of the most prominent and respected business men of the town. He is a veteran of the civil war and one of the oldest settlers in the Arkansas valley.



NEWS NOTES FROM PUEBLO

Probable Changes in the Second Regiment.

H. J. SMITH FOR COLONEL

Headquarters Likely to be Changed to Pueblo. Fire at Standard Fire Brick Yard. Charge of Embezzlement.

Pueblo Bureau,
Colorado Springs Gazette.

Pueblo, April 4.—By reason of the appointment of George F. Gardner of Lake City to be adjutant general of the national guard, the headquarters of the Second regiment will probably be transferred to Pueblo. Colonel Gardner was commander of the Second and Lieutenant Colonel Harlan J. Smith, of Pueblo, will be elected to fill the vacancy created by Mr. Gardner's appointment. The headquarters of the second have not been at Pueblo since the regiment merged with the First three years ago to form the First Colorado volunteers, and Colonel H. B. McCoy went to Manila with the last named organization. Colonel Smith will be the youngest commanding officer of a regiment in the United States, but he is none the less qualified to fill the position. He enlisted in the guard twenty years ago and rose to his present position from the ranks. It is likely that Major Lew F. Barnum, at one time adjutant general of the state, will succeed to the lieutenant-colonelcy and the ranking captain of the regiment will become a major.

Fire at Brick Yard.

At 1.15 o'clock this afternoon fire consumed a large corrugated iron building at the Standard fire brick yard north of the city, causing a loss of about $500. The building was filled with straw and it is presumed that it was set on fire by sparks from a passing Rock Island engine. The stable at the yards was also slightly scorched.

E. P. Wood, a truck farmer living two miles west of the city, reported to the police this morning that a horse and buggy had been stolen from him some time during the night. The thief was very deliberate, taking the horse from the stable, harnessing it and hitching it up to the buggy.

A team of horses belonging to the F. J. Burch company frightened a horse belonging to F. B. Sweet in front of the Board of Trade building this morning, causing the animal to run away. In its flight it crashed into a buggy belonging to E. C. Whiton and another belonging to W. J. Jackson, editor of the Evening Star. All of the buggies were smashed, but no one was injured.

Election Returns.

Final returns from the city election yesterday show no material change in the results as announced in the Gazette this morning. Johnson, in the first ward, and Bennett in the eighth ward, are the only two Republicans elected.

The board of directors of the City Baseball league held a meeting tonight and adopted a constitution. Plans for building four grandstands were also discussed.

The pupils of Loretto Academy are making a fine display of needle work. During the day a musical programme was rendered by the pupils.

John Myers, the colored man who was held up and robbed by two men on the Victoria avenue levee a few nights ago, today recovered the wallet which was taken from him by the hold-ups on the night of the robbery. It was found by a small boy in a clump of weeds near the scene of the hold-up.

Charged With Embezzlement.

J. L. Crank, an attorney of some prominence, was arrested today on a charge of embezzlement, and was arraigned before United States Commissioner Beaumont and placed under $200 bonds pending his examination Saturday morning. He furnished the bond. It is alleged that discrepancies have been found in the accounts of the post office at Rye, this county, by United States Post Office Inspector Doran, who attributes them to Mr. Crank, it being claimed that they occurred while the latter was assistant postmaster of the Rye office.

The annual meeting of the First Presbyterian church was held tonight and was attended by nearly all the members of the congregation. Much business pertaining to the affairs of the church was transacted.

NEWS ITEMS FROM VICTOR

Victor Bureau
Colorado Springs Gazette.

Victor, April 4.—The case of the People vs. J. H. Fry, charged with bigamy by his first wife, was continued in Justice Corbin's court until tomorrow. The defendant expects by that time to be able to produce a certified copy of the divorce decree which he alleges was granted to him by a jury in the district court sitting in Topeka. A letter from the clerk of the court was received yesterday stating that the divorce had been granted but as it was not sworn to Judge Corbin would not accept it.

C. E. Brady left today for Florence, to spend a few days on business.

The Knights of Pythias are now located in their new lodge room in Miners' Union hall. The lodge met in the new quarters for the first time this evening.

Daniel Murphy of the Gold Coin mine, is entertaining his mother from Denver.

Arthur Evans left today for Utah where he will reside in the future.

Miss Nellie Flannery has returned from a short visit to Denver.

Three hold-ups relieved Eugene Henkley of $350 at Third street and Portland avenue at 3 o'clock this morning. Yesterday Henkley received a check for $120 for wages due him from Stratton's Independence. He, with a number of others, had been laid off at the mine and was preparing to leave for Ouray. He cashed the check, paid some bills and then went to Cripple Creek, where he won $200 in gambling. Returning to Victor late last night he won $40 more at the roulette wheel, but in doing so he displayed his roll of bills to a crowd of men in the saloon. When he left the place he was followed. Just as he was crossing Portland avenue at Third street three men sprang from the shadow of a building. One threw an overcoat over Henkley's head and the other two men went through his pockets and robbed him of the $350. He reported the affair to the police this evening, but as yet no arrests have been made.

On the evening mail J. H. Fry received a certified copy of the divorce granted to him by a jury in the district court at Topeka.

FATALLY BURNED

Lloyd De Spiro, a Three-Year-Old Child whose Father Lives in Cripple Creek, Died in Los Angeles.

Los Angeles, Cal., April 3.—Lloyd De Spiro, three-year-old child of Mrs. Spiro, died early this morning as the result of burns received yesterday while playing with matches. His clothing became ignited and his flesh was literally cooked from head to foot. The father of the boy lives in Cripple Creek, Colo.

OURAY MEN SENTENCED.

Special to the Gazette.

Ouray, April 3.—Judge Stevens held a special term of the district court here this afternoon to try the cases of Peter Cassagranda and Angelo Stenick, both under charge of grand larceny and both pleading guilty. The former received an indeterminate sentence of three to five years and the latter one to three years in the penitentiary. Sheriff Edgar will leave for Canon City tomorrow with the men.

Only Three More Days.

Only three more days till Easter. Three more days of Easter shopping. Three days, and another opportunity for remembering one's friends with gifts will have passed. Next to Christmas-time, Easter is "the season of good will." The giving of gifts at Easter-time has become very popular. Easter gifts are second only to Christmas gifts.

Easter Cards

are always in good taste. You have a friend you want to remember; you do not care to buy anything expensive an Easter card at 5c, 10c, 25c or 50c just fills the bill. We have them, the best assortment from three or four makers. They are all new, clean and stylish; 1c to $1.00 each.

Fine Presents.

You have a dear friend; you are looking for an opportunity to make a choice gift. This is the best time aside from Christmas. You know we are headquarters for choice things; you found that out last Xmas. We have good books, fine pictures, prayer books, in fact, most everything nice.

FOLTZ & HARDY
6 So. Tejon Street.

STRIKE ON THE FANNY RAWLINGS

A Entirely New Shoot Has Been Encountered.

SIX FOOT VEIN OF GOOD ORE

Average Value of $50 to the Ton. Strike was Made in the South Winnie Shaft.

Special to the Gazette.

Leadville, April 3.—An important strike was made yesterday at the South Winnie shaft on the Fanny Rawlings territory which has caused a genuine sensation. There is six feet of solid ore which averages $50 to the ton opened up and it is thought an entirely new shoot has been uncovered. The values in the ore are gold, silver and copper and in seams the values run as high as six ounces in gold. The south Winnie shaft was started last year by lessees on five acres of the Fanny Rawlings claim. They put the shaft down a little over 200 feet and the vein was cut at 230 feet from the shaft. The lessees have spent about $5,000 in developing this ground and the present strike, following closely on the opening up of good low grade ore, makes the prospect a most encouraging one. The Fanny Rawlings claim, on which the shaft is located is owned by Colorado Springs people and has produced about $90,000 since first opened.

TROUBLE AT SEOUL SETTLED.

McLeavy Brown Has Probably Been Reinstated.

Washington, April 3.—A cablegram has been received at the state department from United States Minister Allen at Seoul, stating briefly that the McLeavy Brown difficulty has been satisfactorily adjusted. Brown was an Englishman charged with the management of the Korean customs department, and it was reported that he had been removed under Russian influence. Although Mr. Allen does not state directly the basis of settlement, it is known that his sympathies were strongly with Brown, so it is believed that the official must have been reinstated.

The immediate result of this settlement is to remove what promised to be an ugly issue between the United States and Russia, for the American minister's report shows clearly that Brown's removal would have seriously injured American commercial interests in Korea.

CONDITIONS IN CUBA.

Representative Dalzell Has Returned From His Trip.

Washington, April 3.—Representative Dalzell of Pennsylvania, who has just returned from a two weeks trip to Cuba, saw the president today and talked with him about the conditions there. Mr. Dalzell said he thought there was hardly a man in the island, except the politicians, who did not favor the acceptance of the conditions of independence imposed by the Platt amendment.

"But the politicians are disposed to play a waiting game," he said. "I believe they will stand out until congress meets and then finding that we will not modify our terms, they will accept the conditions. The better element in Cuba favors ultimate annexation to the United States, but I believe a large proportion agree that it would better come after a trial of independence has been made."

FLORENCE MILLS

It is Reported on Good Authority that Reduction Works Will Soon Start.

Special to the Gazette.

Florence, April 3.—According to reports out here today the National and El Paso mills will shortly resume operations after having been shut down since January 15. The reason for the shut down was a demand for decrease in working hours made by the Mill and Smelter Men's union on that day, and also the fact that the mill was unable to meet the cut in treatment charges made by the smelters. When in operation the two mills treat 7,000 tons of ore per month and employ 200 men. Since the close down $14,000 has been cut off the pay roll of this city.

The announcement that the mills will soon resume has not been made publicly but comes from reliable authority.

President Shores of the El Paso company is expected in the city on the 10th of this month to arrange for the start.

The Routt County Improvement company held its annual election of officers today with the following result: N. P. Hill 2nd, general manager; J. F. Greenawalt, vice president; C. B. Hill, secretary; J. T. Dawson, assistant secretary; C. R. Bernard, treasurer.

Reports of the manager and treasurer showed the company to be on a good financial basis and that much work in development work has been done during the past year.

Manager Hill leaves for Routt county on Saturday to resume operations. The company owns 1,560 acres of oil and coal lands. One well was sunk last summer but no report of any strike was made.

DELAWARE AND HUDSON

The World Says the Vanderbilts Secured Control but the Herald Publishes Denial.

New York, April 3.—The World will say tomorrow:

The Vanderbilts have secured control of the Delaware and Hudson railroad by the purchase of a majority of the capital stock in the open market, and terms are being discussed on which the New York Central will take control.

It is understood that the New York Central is to guarantee 7 per cent to the stockholders and it is not improbable that the Lake Shore deal will be exactly duplicated, that is, New York Central will issue 3½ per cent. 100 year collateral trust gold bonds at the rate of $200 in bonds for each share in stock.

By the purchase of Delaware and Hudson the Vanderbilts have made an important step in J. Pierpont Morgan's plans to control the anthracite coal output. The Delaware and Hudson company produces 6,000,000 tons of anthracite coal. The Vanderbilts and Mr. Morgan now practically own the coal business.

The Herald will say tomorrow that President Calloway and President Olyphant and numerous officials and directors of the road unite in saying that there is not a word of truth in the rumors bearing upon the acquisition or lease of the Delaware and Hudson.

M'COY AND MAHER.

New York, April 3.—Kid McCoy left this city tonight for Saratoga where he will prepare himself for the proposed match between himself and Peter Maher to be decided on Louisville, April 29. McCoy states if Maher does not sign either Sharkey or Jeffries will be acceptable.

SIGN OF VITALITY.

London, April 4.—In a dispatch to the Times from Peking, dated Tuesday, Dr. Morrison says:

"A week has elapsed, but Russia has done nothing to carry her threats into execution. Li Hung Chang continues vainly to implore the court to modify its decision not to sign the Manchurian convention but in view of the attitude of the country it is hardly possible that China would sign unless Russia materially abates her demands.

This remarkable stand is a hopeful sign of vitality and should affect favorably the whole course of the negotiations if the powers seize the opportunity to quicken the pace."

AN OLD MINSTREL DEAD.

New York, April 3.—Harry Budworth, the old time minstrel and vaudeville performer, died last night of hemorrhage of the lungs at the home of a friend in this city. Mr. Budworth was over 50, and at one time was one of the most popular of Haverley's minstrel troupe.

VICE IN NEW YORK

New York, April 3.—The committee of 15 organized to investigate vice in this city held a meeting today. At its conclusion, W. H. Baldwin, chairman, said:

"On Saturday a report will be issued by the committee which will show all the work done up to date and will show just how vice is protected in this city. The committee has learned much since it was appointed and this knowledge will be made public on Saturday. The committee will try to show just who is responsible for the protection of vice in this city and how the protection is accorded.

"The conditions existing in this city and the conditions which were existing at the time the committee was appointed will be fully exploited and the public will be able to judge for itself just what is going on under the surface."

Cuts, wounds, burns, sprains and bruises quickly heal if you apply Ballard's Snow Liniment. Price, 25 cents and 50 cents. Hedley Arcularius Drug Co., 21 S. Tejon street.

A Scandal of Our Courts.

One of the notorious scandals of our day has arisen from the character of the testimony given by so-called medical experts in the trials of criminals. It is not surprising, then, at the recent annual meeting of the Medico-Legal society of New York one of the most interesting papers discussed was the subject of "The Rehabilitation of the Medical Expert." Dr. Albert Bach declared that one of the first duties of a physician was to do everything in his power to aid in the administration of justice. This, he added, was impossible so long as the expert was employed for one side, because his testimony would obviously be biased—the expert would have a greater ambition to get a reputation as a case-winner than as a physician. A number of the leading members of the society, in discussing the paper, strongly indorsed the views of Dr. Bach, and Judge Daly of Brooklyn openly condemned the custom of large corporations in retaining physicians as experts at regular salaries. He said that the evidence from such sources should never be admitted in any court of justice. The core of the matter was touched by one of the speakers when he declared that what was really needed "was not better doctors, but better men." It is time that the subject of expert testimony should be discussed with the utmost frankness, and that practice which has gradually grown into one of the abuses of our day should be severely criticised and absolutely condemned.—(Leslie's Weekly.

HOSTETTER'S CELEBRATED STOMACH BITTERS

Dyspepsia Constipation and Biliousness

As a spring medicine it is unequalled for building up the system.

Dry-Blowing for Gold in Australia.

After the alluvial has been well shaken up, so as to bring to the surface the large lumps, which the "prospector" examines and skims off, dry-blowing, in its most primitive form, consists of dropping the "dirt" from a height, from one "dish" to another, the dust and finer particles being blown away in falling four or five feet through the air, whilst the gold and coarser gravel are caught in a second "pan" set on the ground at the miner's feet. He stands so as to face at right angles to the wind, placing the lower "pan" on a piece of coarse canvas, so as to catch any fine gold blown to one side over the edge of the "pan."

The next stage is to toss the dirt up and down in the pan, holding the pan in a slanting position, away from the operator, and jerking it back, so as to throw the dirt from the front to the back of the dish, thus winnowing it still further. Then once more shaking the pan, with a vanning movement, he brings the lumps to the top and skims them off. When thus reduced to a small quantity of "fines," the auriferous residue is still further shaken down, like the contents of a dish, when panning it in water, and with the pan tilted forward, the miner raises it to his mouth and completes the process by blowing off the remaining light sand. After this process of concentration is finished the gold is seen fringing the edge of the iron-sand; any nuggets or pieces coarse enough to "spec" are picked out, and the "fine gold" is either washed out with water in the usual way or collected with the moistened end of the miner's thumb.—A. G. Charleton, in the Engineering Magazine for March.

WILL PLAY BALL HERE SATURDAY

East Denver High School Plays the College.

D. W. C. WANTS A GAME

One Will be Arranged for Decoration Day If it Does Not Conflict With League Schedule.

The college baseball season will be opened next Saturday with the East Denver aggregation of ball tossers. This will be the first chance for the friends of the college to judge the merits of the team and there will undoubtedly be a large crowd. The East Denver team has been faithfully coached for some weeks by W. C. Browning, the famous Colorado college quarterback of 1900, now an instructor in the East Denver high school, and by hard work he has developed a team which not only stands at the top in high school athletics, but is even making it interesting for the higher institutions in this state. Boulder barely defeated them by a score of 5 to 4, and against Denver university they piled up a big score.

Sales, who has played with the high school for several years, will do the twirling and, with proper support he will make the college boys play ball.

The inclement weather has hindered the practice of the boys, but the pitchers have worked daily in the gymnasium. Manager Holt of the college baseball team has received a letter from Scott Truxton of the D. W. C. asking for a baseball game with the college team for Decoration Day. Mr. Holt will try to arrange for a game, provided there is no conflict with the baseball schedule of the "Millionaires."

CREAM WHEN SEPARATED

From the milk in five minutes is just as much cream as when it is separated after having been in the spring-house for sixty hours. Chronic disease cured by Dr. Ellison, the successful specialist, after it has been mistreated for years by ordinary methods, is just as surely cured as it would have been well all this time. Consumption, Asthma, Catarrh, Bronchitis and Chronic Diseases of men, women and children are what he treats as a specialty. Examination Free.

The object in marshaling into action the sum total of human energy should be to so perfect the object for which one seeks that it will insure to humanity the best possible service. Good military strategy always seeks to take the enemy not when he is strong, but when he is weak, when he is without breastworks on the open plain, and easily reached by bayonets and bullets. The adversary which the specialist battles with is the demon of human misery in the form of chronic disease, and the medical strategy consists in getting at the disease before it becomes hopelessly incurable. There are a good many people who believe their cases are incurable, whereas in the selection of a physician by whom they can reasonably expect to be cured. The reason why Dr. Ellison cures chronic diseases is because he treats nothing else, and because of this there is an intelligent and just reason why people who suffer from consumption, asthma, catarrh, bronchitis, and chronic diseases of men and women should secure his treatment instead of securing the services of one who devotes the most of his time to acute diseases. If you suffer, see Dr. Ellison before you secure treatment. If you cannot come to the office, write. Dr. Ellison's treatment for pulmonary tuberculosis and kindred diseases can be taken at your home. Office 24 North Tejon street (over Craigue's grocery store). Office hours, Mornings, from 9 to 12; afternoons, from 2 to 5; evenings, from 7 to 8 o'clock, Sundays, from 2 to 4 p. m.

DR. ELLISON'S SULPHUR COUGH CURE

This remedy has long been used by the doctor in his practice for the cough incident to consumption, asthma, bronchitis, diphtheria, coughs, colds, hoarseness, loss of voice, sore throat, whooping cough, influenza, etc. It will not dry up a cough or cold but aids nature in throwing off the poisonous mucus produced from diseased lungs or a cold; heals the membrane and restores nature to a healthy condition. It is prompt in its action and absolutely harmless. There is no morphine, opium, ipecac or any other drug in its composition. In whooping cough and diphtheria it loosens the tough, tenacious mucus and hastens its expulsion from the system. Price, 50c a bottle at the office, 24 North Tejon street (over Craigue's grocery store).

TOWN AND GOWN VS. COUNTRY CLUB

The Cheyenne Mountain Country club has accepted a challenge sent to them by the Town and Gown Golf club for a contest in a number of popular sports and the tournament will last over a period of three years. The prize will be a $250 cup which has been donated by Mr. C. P. Dodge and no doubt the contests will attract a good deal of attention from the community as they will be played in all seasons of the year.

A short time ago the Town and Gown Golf club sent a challenge to the Cheyenne Mountain Country club for a contest at five sports as follows: Golf, bowling, polo, tennis and baseball. After due consideration of the challenge the Country club accepted and committees from each club to fix the details of the tournament will soon be named. The contest will be held under the regular rules of each sport and will be held in their respective seasons of the year. The tennis matches will take place in the spring and summer, the polo contests in the winter and so on throughout the list. The winner of the most points each year will hold the cup for a year or until the other club can take it away from it and the club winning the most points in three years will be presented with the cup.

A number of excellent designs for the cup have been received from some of the prominent silversmiths of the east but no choice has been made as yet. Mr. C. P. Dodge, who will donate the cup, is a member of the Town and Gown Golf club.

COURSING IN KANSAS

Abilene, Kans., April 3.—The Abilene Coursing club began the largest meet ever held here today, over 70 dogs being entered and owners being present from Nebraska, California, Colorado, Oklahoma and Missouri. The grounds are northwest of the city and are inclosed. Eighty jacks are gathered and promise fine sport. The drawing for places took place last night. Thirty dogs are entered in the puppy race and about 50 in the all-age stake. The purses amount to $300. W. O. Thompon of Ohio is the judge of the races and the spectators are numerous. The meet is the first of a series that includes Clay Center, Manhattan, Friend, Neb., and other points. D. A. Hill is president of the Abilene association and Paul Hurd, secretary.

YALE FOOTBALL GAMES.

New Haven, Conn., April 3. The schedule games to be played before fall by the Yale Varsity football team including ten games at home and three away was announced today. Yale will not play Dartmouth and the Carlisle Indians next season.

Among the games to be played on the home grounds are the following: October 19, Pennsylvania State college; October 26, Columbia; November 9, Orange Athletic club; November 16, Princeton.

The out of town games are arranged as follows:

October 12, Annapolis at Annapolis; November 2, West Point at West Point; November 23, Harvard at Cambridge.

THE "EVENING MAIL" MAKES ITS DEBUT

"The Evening Mail," which was announced some time ago in the local papers, yesterday evening made its bow to the people of Colorado Springs. The paper is attractively prepared and with its backing and its staff it will probably take a prominent place in journalistic circles in the city.

The paper is issued as a penny paper and is intended to be sold upon the streets for 1 cent, according to the announcements made by its owners. The newsboys were not disposed to advertise this fact, however, and large numbers of copies of the new paper were sold on the streets yesterday for 5 cents per copy.

Until the arrival of the mechanical equipment for the new paper, which has been ordered, the Gazette is doing the mechanical work on the paper.

ANNUAL REPORT OF THE FOOD INSPECTOR

Food Inspector Custer yesterday completed his annual report of the business done by him for the past fiscal year. The report is a very interesting one as it shows that a vast amount of bad food comes to even a city of this size, and those who think that a food inspector is not essential to the welfare of the city can see by the report that he is one of the necessities of a first class city. Every morning the markets get in a great amount of all manner of eatables from vegetables to meats, and it is the duty of the inspector of foods to look all of these articles of food over and to condemn and destroy any that are not wholesome. When oysters are condemned he pours coal oil in the bucket, and different articles of food which are condemned are destroyed in like manner or in some equally effective way.

The report of Food Inspector Custer shows that he has inspected during the past year 306 beeves, 264 veals, 1,960 sheep, 1,141 lambs and 632 hogs. All of the above were raised in or near Colorado Springs and were marketed here. One hundred and twelve milk licenses have been issued by the inspector, who is also one of the city health officers, and the value of these licenses was $98.50.

During the year Mr. Custer has condemned in the local markets the following articles of food: 8,556 pounds of poultry, 3,782 pounds of fish, 1,759½ pounds of meat, 42,290 pounds of vegetables, and 1,844 pounds or 230½ gallons of oysters. All of these have been destroyed and if the value in dollars was known the amount would probably reach into the thousands.

Mr. Custer, acting as a health officer of the city, has inspected a number of premises where there were contagious diseases as follows: Twenty-one cases of typhoid fever, 187 cases of scarlet fever, two cases of measles, four cases of diphtheria and two cases of smallpox.

The report has not been made to the council as yet but will be sent in at the next meeting when it will probably be acted upon.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

CALIFORNIA FIG SYRUP CO.
SAN FRANCISCO, CAL.
LOUISVILLE, KY. NEW YORK, N. Y.
For sale by all Druggists.—Price 50c. per bottle.

Amusements

THE ELEVENTH HOUR.

"The Eleventh Hour" will be presented at the Opera house tomorrow evening. This is Lincoln J. Carter's play that he produced May 20, when it met with pronounced success. The play is a comedy drama but unlike most of Mr. Carter's plays, it does not depend upon a mechanical effect for its success. It has a story that is thoroughly interesting, abounding with pathos and comedy. Everything that is used in this production is carried by the company. The last act is said to be the most costly stage setting that has ever been carried by a traveling organization.

"THE STAR BOARDER."

About the best thing in the farce comedy line which has been done this season is Chas. Boyle's impersonation of Chauncey Depot in "The Star Boarder," which place has been presented with great success throughout the country during the present theatrical year. Mr. Boyle is also the author of the farce with the above clever title.

There is quite a little plot and "Stars" a-plenty, and not one old joke in the whole show. There is good dancing galore, with clever fun, fast and furious, from start to finish, and many genuine new jokes.

Boyle has a Sousa specialty which is extravagantly funny, and with others of the company does an excellent parody on the "Old Kentucky" quartettes with which the latter day pastorals are infested. Mr. Boyle also does some coon songs in away-up fashion. He has the voice the insinuating darky twang and an eloquent pair of heels to assist, and reminds one of Mr. Dockstader, the celebrated negro delineator. Of the ladies in the caste Miss Sue Belle Mead as the bewildering soubrette easily takes chief place. She acts and sings delightfully, adorns herself with handsome gowns and is in addition very charming to look upon.

In fact, "The Star Boarder" is head and shoulders above the average farce comedy touring the country and must be seen to be appreciated. The show comes to the Opera house next Saturday evening and is about the best of our catalogued list of attractions.

ALL LODGES AND UNIONS ARE INVITED

The Teamsters' association held a meeting last night to discuss the matter of undertaking the excavation of the basement for the new Y. M. C. A. building. After a careful discussion of the project the association decided that its members, individually should give to the work from one to three days' time each, according to his ability and convenience, and it is believed that this will result in completely taking care of the job.

All labor organizations and lodges are cordially invited to be present at the breaking of ground for the new building at the corner of Nevada and Bijou streets at 2:30 next Saturday afternoon. All organizations expecting to accept this invitation and attend in a body are requested to notify Secretary W. H. Day at once and arrangements will be made for the Midland band to call at the lodge headquarters and act as escort to the scene of the ceremonies.

An interesting event is looked for at this time.

DEATH OF MRS. A. A. BLACKMAN

Word was received in the city yesterday announcing the death in Omaha of Mrs. A. A. Blackman of Denver. She had gone to Omaha on the advice of physicians for the benefit of her health. Mrs. Blackman has been a great sufferer for a number of years. She came to Colorado Springs from Waterbury, Conn., five years ago for her health and resided for three years at 1511 North Tejon street. She was greatly beloved by all who knew her, being particularly patient and uncomplaining in her suffering.

The funeral service will be held this afternoon at 3:30 o'clock at the First Congregational church. It will be conducted by Dr. Gregg, but will be private. The interment will be at Evergreen cemetery.

Kaufman's Easter garments lead for beauty, fit and workmanship.

THE NEWS OF COLORADO CITY

:: GAZETTE'S BRANCH OFFICE ::
M. K. RANKIN'S COAL OFFICE ::::: 513 COLORADO AVENUE.

THE CITY WILL NOT RUN OPEN

A Prominent Citizens Party Man Outlines the Policy.

VICE WILL BE RESTRICTED

The Party Intends to Collect Revenues From Evils and Will Properly Confine Them.

In most cases there is more to be said before than after election. The Citizens party in this city, however, has a good deal more to say now than it had before the election which went in its favor by a big majority as announced in the Gazette yesterday morning. Before the election the Citizens party did not outline its policy while the Good Government party adopted a set of resolutions in which the policy of the party was fully outlined. It is the opinion among a good many that since the entire Citizens ticket was successful the town will be run on the "wide open" policy, i. e., that the gambling houses and saloons will be allowed to run wide open on Sundays as well as on other days and that the houses of ill-fame will be allowed to run any place in the city and with the same disregard of morality as in some of the larger cities of the country which have a reputation along that line. Nothing is further from the desires of the advocates of the Citizens party ticket, it is claimed, and the successful candidates state positively that such will not be the case under their administration. A prominent member of that party who has come in for a good deal of abuse in the late campaign in conversation with a Gazette reporter yesterday stated that it was not the intention of the Citizens party to run the town on such a policy.

"Gambling in the west has declined a great deal," he said, "and in a few more years there will be no more of it than is prevalent in the eastern cities. Every town has its gambling 'holes in the wall' and this town is no exception to the rule. In Colorado Springs frequent raids are made on such places, but they exist and will continue to exist no matter what party is in power and it is the same in this city. We do not intend to countenance this evil in the least but we do intend to collect revenues for the city from the houses of ill-fame which exist here. Under the past administration these houses have been running all the time and there has been no revenue collected from them, consequently some $6,000 which has been due the city has never been collected and the town is no better. The Citizens party will confine these houses to a certain part of the city and will keep them there and collect revenue from them thereby reducing the taxes about $6,000.

It is not the policy of the Citizens party, furthermore, to allow the saloons to run wide open on Sundays. No one need be ashamed of the city on that score, despite the statements to the contrary before election."

This seems to be the sentiment with all the members of the Citizens party. They did not reply to the statements issued by the opposition before the election and do not care to now. Those who are acquainted with the former administration of this party know what has been done in the past and the Citizens party says it wants no better voucher as to the manner in which the city will be run for the next two years.

DANCE POSTPONED—The dance which was to be given by the Women of Woodcraft on the evening of April 26 has been postponed until the evening of May 1, when it will be given as a May Day ball. The postponement was made necessary because another lodge meets in the hall on that night and special business prevents the postponement of that meeting.

ENGEL GETS THE ROOFING CONTRACT

The county commissioners yesterday awarded the contract for the roof of the new court house. Fred Engel, of this city, who put in the lowest bid, was given the contract. He does the work for $17,488.65.

The commissioners decided to change the specifications on the roof and the contract was awarded on the new specifications. Instead of the tile being cemented down it will be nailed down. Engel's contract calls for the tin, copper, iron and tile work, and he must furnish the materials. Ludowici tile is to be used on the roof. The roofing will not begin until July, when the superstructure is to be finished.

AFTER THOUGHTS ON THE ELECTION

There was all kinds of after-election talk to be heard on the streets yesterday. The Democrats were slow about appearing on the main avenues of traffic, but toward evening they began coming out and most of them were willing to discuss the defeat of the day before and the causes of it.

Mr. Jones had explanations to make wherever he had thought that he might look for congratulations, but his answer to all inquiries was the same:

"We didn't win because we were outvoted."

Republicans generally expressed some surprise over the size of the majorities. There were innumerable congratulations for Dr. Robinson from Republicans, and members of the other party as well, over the magnificent showing that he made. The fact that the fight was entirely on him, and that he did not fail to make a most gratifying showing in every precinct of the city, made it an especially remarkable majority that he received and the distribution of the majority showed it to have been the people's verdict.

Office-seekers were on hand early and often. From now until the council has reorganized and filled all the positions that are to be filled, the life of the mayor and that of each member of the council will be anything but a dream of bliss.

Don C. Goddard, sheriff, who was one of the most enthusiastic suporters of Jones in the campaign, said that he could hardly realize that the defeat had been so overwhelming, as it certainly had been. He said it was nothing short of a case of "snowed under" for the Democratic party, but he believes the party and the city will survive the shock.

BUFFALO MAN SAYS SHOW WILL BE GREAT

C. W. Varr, a traveling salesman of Buffalo, N. Y., who visited Colorado Springs for the first time yesterday, is so proud of his city and the Pan-American exposition, to be given there this summer, that he advertises them more than the articles he sells.

"This is a nice town," he said yesterday, at the Alta Vista, "but you ought to see Buffalo. We are going to have one of the greatest shows on earth there this summer and I should not be surprised to see the daily attendance at the exhibition reach over 35,000 people at the height of the season, although we are not having a world's fair. I hope Coloradoans know the importance and extent of the display."

PILES Cured Fast.

Archie Birkett, Ionia, Mich.: "I had to quit work on account of piles. I suffered terribly all the time. Two applications from a 50c. box of Pyramid Pile Cure cured me completely." All druggists sell it. Book on Piles, causes and cures mailed free. Pyramid Drug Co., Marshall, Mich.

CITY BRIEFS

MET LAST NIGHT—The American Annuity association met in their hall on Colorado avenue last night and initiated a number of candidates. This is a comparatively new order in the city but its membership at present is over sixty.

REALTY TRANSFERS—Murray and Snyder report the following sales in real estate:—Lots 8 and 9 of block 21 from the East Colorado City Land and Improvement company to Albert Kahl.

TWO CASES—There were two cases in police court yesterday morning, both for drunkenness and $5 fines were imposed in both cases.

WOODMEN OF THE WORLD—The Woodmen of the World met last night in K. P. Hall and initiated a number of new candidates into the lodge. It is a prosperous time for the lodges in this city, all of which are growing larger with every meeting.

DIED IN A CHAIR—George Nutting, a machinist who has resided in this city for some time was found dead in a chair in his room on the south side yesterday morning. As there was no doctor present at the time of his death the coroner was summoned from Colorado Springs. Mr. Nutting was 65 years of age and was a member of the A. O. U. W. No announcements have been made regarding the funeral as yet as word has been sent to some relatives of the deceased in Cripple Creek. Mr. Nutting leaves a son to mourn his loss.

RECOVERED—Mrs. Sawyer the well-known milliner of this city, who has been confined to her home for some time with an attack of the grippe has entirely recovered and is once more in her store.

RETURNED—Mr. John Price, who has been spending a month in California for the benefit of his health has returned to his home in this city, much improved.

WILL GIVE A PLAY.—A number of the young people of this city will give a play on the night of April 17 for the purpose of paying the debt on St. Mary's hall. The name of the play which has been chosen is "Uncle Josh," a four act comedy, and it will be given by some of the best talent in the city at St. Mary's hall. This hall is a fine place for such entertainments, being equipped with stage, scenery, etc., and no doubt a great many people will go to witness the play.

SAD NEWS—John McKinney has gone to Rocky Ford where he was called by a message announcing the death of his sister who resides at that place.

FATHER ILL—Mr. Bert Tyack has gone to Denver where he was summoned by a telegram announcing the serious illness of his father.

RUNAWAY—A team belonging to Slutter and Ridenour ran away yesterday morning and did some damage to the harness and wagon to which they were hitched. The team became frightened and began to run on the corner of Sixth street and Colorado avenue and did not stop until they collided with a telegraph pole on the corner of Fourth and Colorado avenue. The wagon was a light one and was completely wrecked by the collision.

WORE SILK HATS—The successful candidates on the Citizens ticket were wearing silk hats about town yesterday morning as a token of victory.

CARD OF THANKS—Mrs. Fred Hawkins and Mr. and Mrs. Nels Benston desire to express their deep gratitude to the friends and particularly the orders of Masons, O. R. C. and L. A., who gave them their sympathy and help in the loss of their beloved husband and brother.

The Prince of Wales' Visit.

More than forty years ago a squadron of war vessels bearing all the outward signs of greatest pomp and circumstance crossed the Atlantic at the slow rate of speed that then prevailed among steam craft. The pride of England's navy stood by night on the bridges of those vessels, for under the keeping of the masters of the quarter-deck was the person of a, then stripling youth, still in his teens, who has since grown to be the man and sovereign whom the world now acclaims as Edward VII., King of England and Emperor of India. In those far-back days Albert Edward was heir to the throne of the greatest monarchy in the world. He traveled in search of new sights and the greater knowledge that befits a king, and was followed by the prayers of a mighty nation. Cittingly enough, he first visited Britain's greatest colony: Canada, and then, crossing the line, paid the first visit ever made to the United States by a great prince who was afterward destined to become a sovereign. Leslie's Weekly.

A LITTLE BIG WASTE.

DISTINGUISH between economy and wisdom. Sitting at home to save shoe-leather is economy, but it is scarcely wisdom. In the same way, doing without Ivory Soap is economy but it isn't wise; your risks are greater than all possible saving. Every cheap soap contains free alkali. Now, free alkali will eat its way through the new oil cloth on the kitchen floor. Imagine, then, what it will do in a single Monday's washing! Is such economy wise?

PRIMARY ELECTION BILL.

St. Paul, Minn., April 3.—By a vote of 45 to 12, the state senate today passed the house primary election bill, providing for the nomination of all candidates except for state offices and for election boards at a regularly called primary election. Candidates for every office, including town, city, county and congressional are to be chosen on the same day at the primaries, electors voting with such party as they may desire and not being compelled to vote for that party's candidates at the regular election. A few amendments by the senate will probably be accepted by the house.

CHARGED WITH FORGERY.

Springfield, Ohio, April 3.—George A. Thatcher, charged with forging notes to the amount of $300,000 on the late P. P. Mast, was arraigned in police court today. His attorney, A. A. Mendenhall, announced the prisoner would waive examination and Thatcher was bound over in $10,000 to answer to the grand jury.

The Mercer Heirs association, of which Thatcher is the agent, was represented at the hearing.

Secretary Snyder states that the association will back Thatcher; that they believe the three notes were genuine and that they were given by Mr. Mast because he could not pay in cash the balance of the $600,000 which he secured from the Mercer Heirs association.

GERMANS ARE HOMESICK.

Berlin, March 3.—The German foreign office has no information as to whether the Manchurian convention has been signed or rejected, but the opinion prevails there that it has not yet been signed.

All letters received nowadays from China tell of the homesickness of the German troops. The correspondent of the Berliner Tageblatt says that "the whole German contingent is thoroughly disappointed and tired of China."

Published letters from officers tell the same tale.

A correspondent of the Frankfurter Zeitung mentions a number of cases where missionaries by the wholesale blackmailed the Chinese. He asserts that "Mr. Edmonds, an American missionary, was arrested in Peking by the French, but subsequently released on the demand of the American authorities."

The ministry of war finds it very difficult to obtain volunteers to replace the home-bound soldiers in China. On Monday not one volunteer here responded at the meeting of reservists.

CUBAN CONVENTION.

Havana, April 3.—The Cuban constitutional convention today took up the propositions of Senor de Quesada and Senor Tamayo regarding relations with the United States which were yesterday laid upon the table but only three members voted for the proposal of Senor de Quesada and only six for that of Senor Tamayo. The other propositions will be considered at the next meeting of the convention which will be held Saturday.

The question of sending a commission to Washington was not discussed.

Senor Alejandro Rodriguez, who has formally announced his resignation of the mayoralty of Havana, will probably be appointed chief of the rural guard. The vacancy caused by his retirement has provoked considerable agitation in the National party, as two of its members, Senor Zayas and Senor Gener, are endeavoring to get the party's indorsement for the office.

It is asserted on good authority that there will be no prosecution in the charges made against Horatio Rubens and Senor Gonzales de Quesada by a director of the Havana Gas company, to the effect that they obtained money from the company by representing that they had influence in Washington to secure a reduction of the tariff on crude petroleum.

Those horrid fits of depression, melancholy, low spirits and sudden irritability, that sometimes afflict even good tempered people, is due to the blood being permeated with black bile. HERBINE will purify the blood, restore health and cheerfulness. Price, 50 cents. Hefley Arcularius Drug Co., 21 S. Tejon street.

A big sale on Easter tailor-made suits. Kaufman's.

PUEBLO AND RETURN.

The Gazette is delivered to regular subscribers in early morning delivery in Denver, Boulder, Cripple Creek, Victor, Pueblo, Canon City, Florence, Colorado Springs, Manitou, Colorado City and Broadmoor, and can be obtained from the newsboys and at the news stands in each of the above places.

THE RESULT IN DENVER.

THE election returns from Denver are most encouraging to the Republicans of the state. Denver has so long been in the hands of Democratic rule and the machine in that city has become so powerful, that most of the Republicans of the state had begun to fear it was permanently in Democratic hands.

The Republicans nominated the best ticket to assign in the contest and the result is that our candidate was elected by the unusual and the result is that our candidate was elected in all the wards in the city, where the Republican party stands for clean candidates and clean municipal methods.

The best element of the city rallied to the support of the Republican ticket and those elements can always win in Denver when a proper appeal is made to them, whatever may be the strength of the machine they have to overcome.

Mayor Johnson's candidacy was of great assistance to the Republican candidates. He brought to his support nearly one quarter of the Democratic voters of Denver, and he supported all of the candidates on his national popularity. The visit of the Evening Post Johnson and Governor Wells was very effective. Such never before did such campaign orators work and Editor Carroll was at his best in the use of burning words against the opposing organization.

Denver is normally a Republican city and the party has in its power to regain complete control of all branches of government in Arapahoe county if it will only be wise. The business men's organization which brought the Republican ticket into existence should look to it that every pledge to the people is fulfilled to the letter, and that the appointees in every city department are fully up to the standard in character and ability of the officials whom they have ousted.

In municipal affairs a clean, able and businesslike administration is of more value to a political party than the most powerful machine of political strikers that can possibly be constructed.

Denver is to be congratulated upon breaking the rule of Colorado's Tammany and placing itself once more in the ranks of progressive Republican cities.

THE VOTE IN COLORADO SPRINGS.

MANY people were misled by the change in the precinct boundaries into thinking that the vote in this city on Tuesday was a very light one. The Democratic managers were apparently completely deceived and went around predicting victory in the very face of the worst snowslide they ever experienced.

A comparison of this year's vote with that of the city election of 1900 shows that at that time there were cast for Harris, Republican, 2,010, and for Benson, Democrat, 2,127, or a total vote of 4,042. These were the leaders of their respective tickets. The vote for mayor in 1901 as shown by the unofficial returns is Republican 2,527, Democratic 2,255, Prohibitionist 122, Socialist 51, total 4,955.

In this connection it is interesting to note as showing the growth of Republican sentiment in this city that Mayor Robinson two years ago received a vote of 2,000 and a plurality of 295, while this year his vote was 2,527 and his plurality 1,272. Mr. Harris last year received 2,015 votes, this year he received 2,157.

The growth of Republican sentiment is unmistakable and gives cause for greatest satisfaction to those who are interested in the party welfare in the city, county and state. If the Republicans use the power wisely it will be firmly established for a long time to come.

DANGEROUS RAILROAD CROSSINGS.

ONE OF the things that the next council ought to take under consideration is the matter of the railroad crossings in the outskirts of this city.

As the city grows and the amount of travel across the railroads increases these crossings become more and more a source of danger, but the increase comes so gradually that it is only when special attention is called to the matter that the proper remedy is taken. It is many years ago since an agitation of the subject led to the building of undercrossings in the southern part of the city and the construction of two expensive viaducts to the west across the Rio Grande tracks.

At the present time it is the crossings to the east and the northeast that require special attention. This part of the city is growing very rapidly and the number of passers at the crossings is increasing in proportion. Children as well as grown people cross the tracks daily in large numbers, for while the Columbia school has relieved the situation to a considerable extent, the Steele school far to the north is drawing a considerable part of its attendance from east of the tracks. And one of the worst features of the situation is that the railroad is quite crooked and at many of the crossings it is impossible to see the track except for a short distance on account of the curves and the buildings.

The present council already has this matter under consideration, but may find it impossible to take proper action in the short time remaining to it. The situation however is one that calls for action in the near future and it should not be left as it is until some horrible accident brings the danger more forcibly before the public attention.

President John Sebastian of the Rock Island railroad not only prophesies an exceptionally successful tourist season for Colorado Springs, but is doing his best to make his prophecies come true. That is certainly the proper spirit of prophecy, and the people of Colorado Springs will wish him entire success both as a prophet and as a railway man.

A CITY OF THE FIRST CLASS

IT IS undoubtedly true that the character of the people of the greater municipality is not only than the form of its political organization. A poor man and mismanaged city is not likely to improve to any considerable extent by a change in its form of government, but a progressive city likely to be made more progressive by a change of charter.

But the additional powers that are granted to a city of the first class are intended to enable it to exercise the functions of a city with greater freedom and to a larger extent, and therefore we do think that the class of such a city as Colorado Springs may be made a section of decided benefit.

The new people have a right to expect and they will demand the party in power accountable for the results.

THE PRESIDENTIAL RECEPTION COMMITTEE.

YESTERDAY Mayor Robinson appointed a large representative and thoroughly businesslike committee to arrange and assume the committee in behalf of the city in properly receiving and entertaining the President and party on his visit to Colorado Springs in May.

The mayor has, as he should be, the head of the reception committee. The president comes to us as the guest of the city and of all of its people, and he should be so received and treated at all times. Everything arranged for the public entertainment of the President and party should be of such character that the whole people, as fully as possible, can participate in the honors bestowed.

There should be no attempt at exclusiveness. There should be no effort at personal aggrandizement. Let us all join together to give the president and his party a royal and universal welcome to our city and to make his stay as pleasant and enjoyable as possible in every way.

THE EVENING MAIL

THE GAZETTE takes pleasure in welcoming a new evening journal to the newspaper field in Colorado Springs, and in wishing for it success. Competition is the spur of success. It may sting, but it is the best of spurs. Newspapers, like men, are apt to find their capital level, and while a monopoly of any good business may achieve a temporary success, nothing is positive making for success in the long run.

The Mail in its first issue gives evidence of being a bright, lively and reliable paper, and it deserves credit upon its venture.

There is a field in Colorado Springs for an evening newspaper, that will stand, first and last and all the time, for Colorado Springs and its interests and that will adopt the general policy of building up the city in every possible way.

The issue of a paper at the extremely low price of twenty-five cents a month is an experiment in the Rocky Mountain region, and it remains to be seen whether it will be able to furnish the part of a paper that its readers and advertisers will demand at this price. If it is able to maintain the standard of the first issue, for it will have no difficulty upon this score and it is altogether probable that when its affairs are put on a monthly basis it will be able to show marked improvement.

The publication of a paper in Colorado Springs has been thoroughly favorable towards the new enterprise, and it will depend entirely upon the Mail to continue that sentiment.

For the welfare of the city we trust that the Mail may fulfill all that its prospectus promises and its friends expect of it.

HALF BAKED LAWS.

THE REVENUE bill was not the only one that was rushed through the assembly Tuesday morning after the constitutional limit of the session had expired. These measures of doubtful legality include some of the great importance to the people of Colorado. One of them is the Democratic gerrymander bill which was intended to secure Democratic control of the assembly by depriving Republican counties of representation, but which in the opinion of many leading Democrats will be a reason for public sentiment against them that will more than compensate for any advantages they may secure by it. The bill appropriating $20,000 for a state board of health also was passed after the legal session had expired.

The assembly that passed these laws took desperate chances and it is quite likely that as a result the citizens of this state will be involved in an enormous amount of expensive litigation.

There is no good reason why as much should not be accomplished in a legislative session of 60 days, as in one that lasts 61 days and 8 hours.

BRYAN'S DEFEAT IN ST. LOUIS.

THERE is no particular reason evident to the casual observer why William J. Bryan, late nominee of the Democratic party for the presidency, should have forced himself into the municipal election in St. Louis. He did so however, and the result is one that adds very much to the probability that at the next national convention that party will execute another about face movement that will leave it headed in the opposite direction from Lincoln, Neb.

The Democratic nominee for mayor of St. Louis was a gold Democrat, and it is difficult to see that Mr. Bryan's participation in the fight had any other effect than to increase Wells' majority.

The result in Chicago shows how hard it is to shake loose the Tammany machine that has its grip fastened on a community. A magazine writer recently gave reliable figures on the thousands of the vicious and the idle classes that had been attracted to Chicago by the wide open policy of the Democratic mayor. It was these thousands that secured his re-election and defeated the efforts of the reform forces. Other cities should take warning. The best way to crush the machine is before it becomes established.

Manila, again stood fast to her reputation as always Republican and the result is one that is distinctly to the advantage of the people of that city. Best wishes and congratulations to Mayor Rupp and his fellow Republicans.

In all the pre-election predictions that have been swept into the rubbish heap of the day after, the most dilapidated specimen was contributed by the Colorado Springs Democrats.

It would be a very good thing if Pettigrew, Lentz, Rafo Lopez and the Springfield Republican would follow Aguinaldo's example and take the oath of allegiance to the United States.

If Aguinaldo only knew it, he is much better off as an American captive than in hiding in the woods. And there are intimations that Aguinaldo knows this as well as anyone else.

FROM THE PRESS OF THE NATION.

Since the Spanish War, Europe has been [illegible] China.

Philadelphia Inquirer:

[illegible] Chinese people of China, the property owners, who include Spaniards, Germans, Chinese and Americans, are all in favor of annexation to the United States, that as quickly as that can be secured. The trouble is that the interest of the island, represented by one hundred or more people, is small, very small, and yet they are not only incapable of governing anybody, but they have no property at stake. The real Chinese population is a majority, numerically and, could put into office a class of people who of that not to be trusted with anything and who would wreck the island as certain as fate.

That is the short view of the matter, but it is the view taking all along and what many other independent witnesses besides Mr. Parker have certified. If the people who are shouting Cuba Libre and the politicians who are urging them to try to build have their way the projected republic of Cuba would have a short life and not a particularly happy one, except for the speculators who had succeeded in getting themselves in communication with the treasury. They no doubt would have a good time. These are the people who compose the majority of the constitutional convention to whose members Mr. Parker, who has an inclusive way with him, gave the respects of his wife.

The delegates to the convention are in the main a lot of semi-civilized generals who have not done a stroke of work since heaven knows when. They were sent as delegates with instructions to accept nothing less than the complete independence of the island, and they will unanimously agree to the Platt amendment and go home because they fear disaster in their home localities, which, if they should be guilty of such a dereliction, they cannot and cannot without a struggle. My impression is, however, that they are like men up a tree and will be very glad if some one will give them a ladder so that they can climb down. They do not want any more tortures.

It will be seen from these extracts from an interesting interview that Mr. Parker is a man with more truth than poetry about him, that he has clear eyes and a level head. The subject of his remarks has been and still is the occasion for so much sentimental cloth and hypocritical pretense that comments so obviously sensible and so manifestly sincere as those of Mr. Parker make refreshing reading. Perhaps we may have received the impression from the statements of the yellow journals that the poor Filipinos were being oppressed because we won't let them go it alone, which we take them to be.

They Live Americans.

(Chicago Inter Ocean.)

Two thousand prominent Chinese residents of Peking have sent a petition to the military authorities asking the American to retain administration of that section of the Tartar city which has been under American supervision. The petitioners protested against turning over to the Germans that part of Peking in which they are particularly interested, and declared that under the American occupation order had been preserved and the Chinese had been treated with justice and humanity.

The native officials of the island of Tutuila, Samoa, in the name of the people of that island have addressed a letter to President McKinley expressing their satisfaction at the annexation of Tutuila to the United States, expressing their gratitude for what has been done for them and declaring that their anxiety as to the future has been dispelled by President McKinley's re-election. They ask that their present governor be retained in office, that the good work he has commenced may take root in the country.

The Puerto Rican volunteers who entered the service of the United States under the congressional act of 1899 are to be discharged June 30, but they have asked the privilege of re-entering the service of the United States under the recent army-reorganization act, and in this they are encouraged by the people of Puerto Rico. Here is evidence from three different quarters of the globe of high regard for the United States, and in the case of China, testimony to the character and efficiency and fairness of American soldiers.

The same sort of testimony comes from scores of towns and provinces in the Philippines, and even from Cuba. But the cars of certain excitable people in Chicago who are making a profession of misrepresenting and villifying their own country are closed to all such testimony.

The House of Do and the House of Don't.

After making mention of the recent criticism of ex-Presidents Harrison and Cleveland upon the colonial policy of the present administration, the World's Work, true to its often-stated gospel of action, remarks:

"Most men cut a respectable figure when they are earnestly doing something. But few men appear to advantage when they are telling how all other men do things. Hedge it about with whatever trappings you please, depreciatory criticism is an ignoble business.

"Yet, just as ex-presidents in retirement are shocked at the heading headlessness of a president in action, who in fact lacks the reckleness that at least one of them displayed so good men who would reform politics still think that they can affect politicians by abusing them, and learned men think that they can affect literature by criticising it.

"The dwellers in the House of Don't hear the shrill cackle in the House of Do, and are sure that its inmates are gone mad. The dwellers in the House of Do pity the despondent prophets of the House of Don't, and wonder why they never listen. Neither understands even the other's language. And when a man moves from one house to the other, he straightway forgets the life that he used to lead."

Easter Eggs for the Little Girls

One Thousand China Easter Eggs will be given away to the nice little girls on Saturday, April 6th.

But One Egg for Each Girl.

The Spirit of Thrift.

Thrift is synonymous with frugality, economy, prudence. Applied to profit it relates to a thriving state or condition. Speculation is the opposite of these, and usually has reference to unsound and hazardous transactions. In order to attain and be permanently prosperous, the homely virtues of honesty, industry, and economy must be cultivated. Earning money by fair means is important; wisely saving and using it is not less so. For new and profitable plans of saving, see printed matter of The Assurance Savings and Loan Association, 103 East Kiowa Street.

The committee is hereby notified to meet at Perkins hall on Friday evening at 8 o'clock. A full attendance is requested.

uby to Officiate in McClelland's Court

g to ill health, Judge McClelwho was elected justice of the last fall, has been compelled to that position for a time and will to live on his ranch near this

ge McClelland has been failing lth for some time and finds that ffice duties of a justice of the r too great a tax on his physiddition. He hopes to recover suffly to resume his duties later. vacancy is thus caused in the the county commissioners yesappointed former justice of the Judge W. N. Ruby to the va-

Judge Ruby takes the office Judge McClelland feels able to the duties of it. To fill the y, the commissioners had to crenew office of justice of the peace s will not entail any further exon the county as it is a fee office a salaried office. If Judge Mcd recovers, Judge Ruby will reend the extra justiceship will be , and as there will be no necessity for it it will not be filled. The change was made by the adoption of the following resolution at the meeting of the commissioners yesterday:

Whereas, It has been made to appear to the board of county commissioners of the county of El Paso, state of Colorado, that one of the justices of the peace in and for the Colorado precinct, in said county, is in ill health and physically unable to perform the duties of his said office, and that the interests of justice require that an additional justice of the peace be appointed for said justice precinct; therefore be it

Resolved, By the board of county commissioners of El Paso county, Colorado, in regular meeting assembled, that an additional office of justice of the peace, in and for the Colorado Springs justice precinct of said county and state, be, and the same is hereby created; and be it

Resolved, That William N. Ruby be, and he is hereby appointed as justice of the peace in and for said justice precinct, to perform the duties of said office, by this resolution established.

o Objection to Being Classified "Skilled"

situation in the carpenters' strike t changed materially so far as definitely learned. The ultiissued by the contractors goes ffect today. It was to the effect e men must return to work toa minimum scale of $3 a day or days would be filled. The ultistated that the contractors pay the better class of men er day.

carpenters stated last night that man would be at work as usual but they further stated that they recorded and that every car at work would be drawing $3.50 The contractors gave out no notices during the day and it is not known whether they will pay the one scale of $3.50 or have two scales, one for skilled and one for unskilled labor. The carpenters want $3.50 a day and say that none of them will work for less. The contractors may pay them all $3.50 a day on the grounds that they are all skilled men, or of the better class of mechanics. This will be perfectly satisfactory to the carpenters and they are all willing to be called "skilled." It is probable that the men will show up for work today and those who can draw $3.50 per day will continue to work and those to whom the contractors won't pay this wage will not work.

eoples Mission Reorganized

the end of making the work of ples Mission even more successfully has been, the congregation st completed a reorganization announced that in the near the mission will build a home it has not yet been decided the church will be built as has just been launched.

plan of reorganization, five, chosen by the congregaa board of trustees. These were elected at a meeting afternoon, are as follows: Smith; vice president, secretary, Mrs. Y. Peer-treasurer, Dr. Anna Chamberassistant superintendent, Mr. The board of directors has the Rev. W. H. Lee, the well-evangelist, general superintendthe mission, A. C. Bray and have been appointed Sunsuperintendent and assistsuperintendent.

Smith said last night that easy to give out plans for the proposed new church, but that is was contemplated to erect a building soon.

The mission work will be interdenominational, as heretofore. The mission now occupies rented quarters at 27 West Huerfano street.

WANTED FOR LARCENY

Chief of Police Henry left last night for Trinidad to get James Collins, who is wanted here on a charge of grand larceny. Collins is charged with the theft of a valuable dog from the El Paso stables. The dog had been left in the care of Dr. Fenton, and it was he who swore out the warrant for Collins' arrest.

People by the Hair!

An average healthy hair will support a quarter of a pound. There are 120,000 of these on the head. They all together would support 30,000 pounds, wouldn't they? This is equivalent to an audience of 200 people, weighing 150 pounds each!

It is mathematically true that an average head of hair will support an entire audience of 200 people. It doesn't seem possible, does it? It doesn't seem possible, either, that Ward's Pilocarpine Hair Tonic restores color to gray hair; but it does restore it, and every time, too, all the dark, rich color the hair had years ago. It stops falling of the hair also, and keeps the scalp healthy and free from dandruff.

Decision in the Brewer-Schrader Case

Judge Cunningham has handed down a decree in the case of the First National bank vs. the Brewer-Schrader Co. The suit was on the receivership. An agreement has been reached between the creditors of the company and the company whereby certain of them are to take a mortgage bond on the company's plant and others are to take indemnity bonds in settlement of their claims. The claims will aggregate about $15,000 all told. The court has ordered that this agreement be carried out by the defendant company and that the mortgage bonds and indemnity bonds be executed by it.

Those who are to get mortgage bonds are: First National bank; the Hendrie-Bolthoff Co., the Chisholm, Boyd & White Co., the Electric Supply company, the Boulder coal mine, G. W. Robinson & Son, the Colorado Springs Electric company, the Colorado Portland Cement company, the Lee Kinsey Implement company, the Lowell-Meservey Hardware company and the state penitentiary.

The Brewer-Schrader Co. must execute and deposit with the district clerk indemnity bonds to protect the claims of the following: American Bonding and Trust company; Crissey & Fowler Lumber company, the El Paso Lumber company, H. Loesch, the Western Chemical company and Greenlee & Son. The claims of small creditors are to be settled in cash, and the decree also provides for the salary of the receiver and his attorneys. All creditors who have objections to this decree must file same with the clerk of the district court before Saturday next.

The suit of Jackson vs. Svensgard is on trial in the county court. It is a suit brought to recover damages because Svensgard, as tenant of Jackson, failed to harvest the latter's crop. The suit was on all day yesterday and will probably last through today.

Two divorce suits were filed in the county court. One was entitled Polly Anna Reynolds vs. Asher B. Reynolds and the other Nettie Hinman vs. Lowell A. Hinman.

The divorce suit of Rose E. Recker vs. Charles A. Recker was tried and a verdict was awarded the plaintiff. Cruelty was the charge. Plaintiff claimed that defendant said to her relatives and to others that he did not love her and would not live with her, and that he married her merely to show her father that he could do so. Defendant did not deny any of the charges.

Excellent Reports at The First Presbyterian

The annual church meeting of the First Presbyterian church was held last evening. The reports presented by the representatives of the various departments showed the church to be in a most prosperous condition. The year ending with March 31 has been the best in the history of the church. The report of the session was presented by the clerk, Mr. Philo C. Hildreth. It showed the membership to be 908 and this after dismissing quite a number of members to the new Immanuel church. The additions for the year number 133. The total amount contributed by the congregation for the year was $15,870. Of this amount, $3,000 was spent for missions and general benevolence, the foreign mission offerings amounted to $1,035 and the home mission offerings to $828. The board of Sabbath school work received $300 and the board of aid for colleges $331. The Freedman's work was aided to the extent of $270 and smaller amounts went for other objects.

The Sabbath school was reported by Mr. H. C. Harris to be in excellent condition, the enrollment being 771 and the contributions to missions and the support of the school about $600. Mrs. Noble, president of the Woman's society, gave a most encouraging report for the Woman's society. Within a few dollars of $1,000 was contributed for missions during the year and about $400 added in the districts for local work. Mr. E. C. Sharer was representative of the Christian Endeavor society and reported the organization in fine condition with $125 contributed to the mission cause and $200 for other purposes. Mr. Reynolds read a most interesting report of the Junior Endeavor work.

After the reports came the election of elders. Judge Robert Douglas, Prof. W. K. Argo, Dr. W. W. Argo, Mr. A. S. Holbrook and Mr. Robert A. Mack being elected to succeed themselves.

The church meeting being adjourned, Dr. Boyle called Judge Gunnell, president of the congregation, to the chair. Several matters of business were transacted, the chief of which was the consideration of a plan for the removal of the hall between the lecture room and the main auditorium. The trustees were given power to go ahead with the work. Over 200 sittings will be gained at an expense of about $1,000. Provision has been made for the entire liquidation of the indebtedness, $8,000 being in hand for this purpose. The holder of the mortgage, however, refuses to receive the money until the expiration of the term in 1902.

It is proposed by some of the leaders of the church that a foreign missionary and a home missionary as well as a Sabbath school missionary be supported by the church. This would mean an expenditure of about $2,000.

A social reception was tendered the new members and strangers at the close of the business meeting. Refreshments were served by the district of which Mrs. Hawks is chairman and a very pleasant hour was spent.

The board of trustees to which the work of enlarging the church is committed consists of the following members: O. E. Hemenway, C. B. Seldomridge, C. C. Hemming, A. T. Gunnell, A. G. Sharpe, C. E. Evans, W. B. St. John, E. L. DeLa Vergne and C. E. Dunwoody.

RESULTS, THAT'S IT

There are a good many things you would like to advertise if you thought results would come from it. Maybe it's a room you have to rent, a carriage or piece of furniture for sale, a bicycle to trade for Belgian hares, or something of that kind. We have a new plan for you. Perhaps you've heard about it—Wanted Want Ads.

You advertise whatever you wish and the Gazette takes the risk. It's a liberal proposition we think, and other folks do too, or there wouldn't be so many Want Ads. in The Gazette every day. Have you noticed them?

You can afford to let the public know what you have to offer when The Gazette takes the risk, can't you?

We couldn't afford to take the risk if we didn't know the advertising would bring results—that's it. The only reason you want our warrant is to make sure of results. You'd sooner have quick results than take advantage of the warrant, but if they should not come you have something to fall back on. Ever have a fairer proposition? Ever have so good an opportunity to sell your house, cow, horse or ranch?

Isn't it easier and cheaper to trade things, rent, find lost articles or their owners this way than any other?

It's a new, liberal way of doing business, based on equity and our faith in Gazette Want Advertising. The business is done on honor. The Gazette takes the risk.

CITY HALL NEWS

There was only one case in police court yesterday morning which is uncommon for the morning after an election. William Marshall was fined $5 and costs for drunkenness and was committed to jail in default of his fine.

The city treasurer wishes every one who owns a dog to remember that these are dog days and that those who do not buy a license for their canines will be liable to lose them at the hands of the dog catcher. The licenses this year are in the shape of a dog's head and can be obtained from the city treasurer at his office in the city hall.

Work has been begun on the new bridge on Huerfano street over Monument creek, and it will be completed by June 1. The old bridge will be moved to the south for use while the new one is being constructed, after which it will be placed over the creek at Willamette street or the Mesa road.

TIME AND TARIFF SCHEDULES OUT

New Road Will Run to Cripple in 2 Hours and 45 Minutes.

FARES TO BE REDUCED

Two Dollars Cut Off From Round Trip Rate. Two Trains Daily Between Springs and the Gold Camp. Through Sleeper Service.

The long conference that has been held between the representatives of the operating department of the new Colorado Springs and Cripple Creek District railroad has reached the point where a statement regarding connections, running time and passenger fares has been made. It was prepared and given out yesterday from the office of Traffic Manager Henry.

The new road will run, as has been stated, four trains each way daily between Colorado Springs and Cripple Creek. Three of the west bound trains will come through from Denver, the fourth being a train to leave Colorado Springs at 7:30 in the morning, due to arrive in Cripple Creek at 10:15. All east bound trains will run through Colorado Springs to Denver.

There is no reduction in running time from that of the present schedule of the Colorado Midland on the fast trains. The fact that the roadbed of the Short Line is new and that it is not entirely surfaced as yet, has caused the management to take absolute precaution in the operation of trains and the running time will be kept as low as is deemed advisable until the roadbed is entirely settled. The fact that a lower schedule at the present time would probably have involved the road and its connections in considerable trouble, also figures to some extent in the regulation of the speed of trains for the present. Two hours and forty-five minutes is the running time of the trains at the start and it will continue indefinitely.

The fares are materially reduced. The fare from Colorado Springs to Cripple Creek is to be $2.25 and the fare for the round trip $4.00; $4.75 for one way and $8.25 for the round trip will be the passenger tariff from Denver.

The Rio Grande depot will be the Colorado Springs stopping place for the new road, and tickets will be on sale at the city ticket office of the Denver & Rio Grande, in the Bank building. The trains will be started next Monday. Train No. 1 leaving at 7:30 a. m. There is likely to be considerable rivalry on the part of the people for the honor of buying the first ticket. Ticket No. 1 is to be placed on sale and will be sold to the first person who wishes to buy a ticket to Cripple Creek.

There will be several stations on the new line between this city and the gold camp, and it is likely to occasion a very rapid development of the district through which the road runs.

The Rio Grande and Short Line roads will interchange equipment and all cars will run through between Denver and Cripple Creek. The train leaving Denver at midnight and Colorado Springs at 7:30 a. m. will have through sleepers.

Following is the complete time schedule as given out yesterday:

Westbound.

MINING NOTES AROUND TOWN

Notices were published this morning to the effect that the seat of A. B. Mueller has been transferred to N. H. Partridge, and the seat of W. H. Allen to W. J. Hendrickson, the consideration of which transfers were not made public, but understood to be between $1,000 and $500, the market having been quoted at these figures for some days past. Mr. Hendrickson was a member of the exchange a year ago, and Mr. Partridge has held membership. The latter is the senior member of the firm of Partridge & Storer, which is now represented on the floor by Mr. Bumbeck.

TARGET ORE BINS ON BLACK BEAR

Parks & Bennett leasers on a portion of the Black Bear property on Beacon hill are arranging to increase their output from the shaft recently opened a depth of 100 feet from the surface, and are now engaged in sinking a raise to make this possible. Their shaft has now been opened up a considerable distance, and in the upper drift have been started the ore is in places as much as five feet in width. On Monday they marked a shipment which, if the assays indicated, would return values of about $40 and $50 per ton. The immediate shipment of another was not made left the company under, and have accordingly commenced and have started work in the pinch level to open up the shoot at that depth.

CHANCES FOR OIL NEAR FOUNTAIN.

Mr. H. L. Pillington, editor and manager of the Fountain Herald, was in the city yesterday and spoke of the excitement in his vicinity over the attempts to locate an oil well there. He stated that on Sunday last, in spite of the inclement weather conditions, there was a large crowd from Pueblo and Colorado Springs. All the land has been taken up in the country, even prospected for and leases have been located and there is not a foot available. Mr. Pillington states that although, so far as known, a well has not yet been completed, the indications are very good. On the Charter Oak ranch oil comes to the surface of a lake and oil shale has been encountered in a well at a depth of about [illegible] feet.

SPECIMENS OF OIL FROM RIO BLANCO.

A fine specimen of oil exhibited in this city is now being displayed in the window of Messrs. Foltz & Hardy. It comes from the oil spring discovered in Rio Blanco county, where the Colorado Oil company, a local corporation, has over 1,000 acres of land. The oil has the famous Amelish tinge which stamps it as being high grade, and which is used for lubricating purposes on engines, dynamos, and the machinery of all kinds. It is quite similar to the oil discovered in Routt county which is said there to have a value of from $4 to $5 per barrel.

NEWS OF OIL FIELDS IN ROUTT COUNTY.

Mr. J. H. Whitlock of Steamboat Springs, Colo., was in the city yesterday. He is interested in the oil fields of Routt county, but has had experience in California. He is enthusiastic as to the oil fields of Routt and states that in spite of the heavy more than one oil well has been established. He is interested in the Colorado and California Oil company, owning between 1,000 and 1,500 acres of land in Routt and is visiting Colorado Springs and Denver with the view of arranging sales of the stock. This company must not be confused with Mr. A. B. Mulvey's company of the same name which owns a gushing well in Kern county, California.

TUBERA DISTRICT.

The Vivandiere is still improving, recently several mining engineers have examined the property and from their report the Vivandiere will make another Little Johnny of Leadville. The ore body is fully eight feet wide, four feet being shipping ore.

The Gold Bug mine has resumed work with three shifts. This famous property is under bond and lease to Neils Fagerson. The old machinery will be removed and a big plant will be installed when the shaft will be sunk to the depth of 1,000 feet. Mr. Fagerson represents one of the strongest companies in the state.

The Holdredge Mining and Milling company are working night and day on their tunnel, which is now under way. In an interview with Superintendent Ford he made the following statement: "We have opened up another ore shoot on the Holdredge vein that gave me the following results by assay: $1,370.64, $720.00, and $429.50 respectively with a vein nature of $18.00." Mr. Ford intends to open this shoot at a depth of 1,000 feet, and the company is placing orders for electric drills so work will be pushed yet more vigorously. C. J. Anderson, vice president and general manager, is now in the east placing the Colorado stock. (Salida Mail.

Read the Want ads in the Gazette today.

Rheumatism

The rheumatism is due to an excess of acid in the blood. When this escapes through the pores of the skin as it does it produces some form of skin disease, sometimes it is some disease like Eczema or Psoriasis, but when these little tubes or sweat glands are suddenly closed by exposure to cold and sudden chilling of the body, then the poisons thrown off by the blood, finding no outlet, settle in muscles, joints, tendons and nerves. These parts become painfully inflamed and feverish and then the sharper, more maddening pains follow in quick succession, the muscles become sore and tender, the joints break down and the victim is soon confined to a bed of helplessness and misery. Pains and pressure in the joints and bones, in the dorsal orbit, and the legs, arms and fingers become so sore and tender that every movement is attended with excruciating agony. Liniments, plasters, electricity, and baths, while they may give temporary relief, cannot be expected to cure, for the disease [illegible] of the system.

S. S. S. cures Rheumatism by making a complete change in the blood; the acids are neutralized, the poisonous germs are killed and the rich, healthy blood then is carried to the inflamed joints and muscles, a healthy circulation and health follow. S. S. S. cures Rheumatism [illegible] by the [illegible] of [illegible]. Opium in some form is the basis of nearly all so-called Rheumatism Cures, which deaden the pain but do not touch the disease and [illegible] to serious habits. Alkalies and the potash and [illegible] so often prescribed, affect the tender lining of the stomach and weaken the digestion, thus adding another burden to the already weak and impoverished blood. S. S. S. contains no mineral or dangerous drug of any kind, but is a simple, vegetable remedy and the most perfect blood purifier known. Send for our book on Rheumatism and write our physicians if you need any information or advice. We could be glad to mail you a book free; we charge nothing whatever for medical advice.

"Many years ago I had a severe attack of la grippe, which left me almost a physical wreck. To add to my misery I developed a severe form of Rheumatism. I consulted and tried all the physicians in our city, but my condition did not improve. I spent a good deal of money and received no benefit. After beginning S. S. S. I was relieved of the pains and have gained in flesh and strength and my general health is better than for years. I consider S. S. S. the best blood medicine in the world, and heartily recommend it to any one suffering relief from the torture of Rheumatism." B. F. GREGORY, Union, S. C.

BELL, THE OIL MAN, HAS PACKED UP AND MOVED AWAY

He Was Selling Low Priced Stocks at 50 Cents Until the Gazette Published the Fact. When He Quietly Left Town.

A week ago yesterday the Gazette published an article about Tyree A. Bell and his oil stocks, showing that there was a great discrepancy between the prices at which he was selling the shares, and those at which they could be secured on a California oil exchange. A search of the records showed that according to quotations and information received by the Gazette from California it would seem that the oil stocks being offered for sale in this city by Tyree A. Bell at 51 North Tejon street are being placed at an exorbitant figure.

Upon arriving here Mr. Bell first located in the Giddings block, but recently moved to 51 North Tejon street, which has the advantage of a ground floor position. For two months or so he and his associate have hustled themselves selling shares in the Three States Oil company, Sunset Vertex Oil company and Bachelors Oil company. How much has been sold is not known, but it is understood that business generally has been good.

In an interview with Mr. Brazee, Mr. Bell's associate, a representative of the Gazette learned that stock in the Three States company was being sold at 50 cents per share, the Sunset Vertex at 50 cents per share, while Bachelors had been selling at $1 per share, although all stock had been withdrawn from the market.

The quotations received from California by the Gazette show a great discrepancy as regards the Bachelors and Three States shares, the former being offered at from [illegible] cents to four and one-half cents. No reliable quotation has so far been received from California on Sunset Vertex.

From the above [illegible] the Three States shares which are being offered at [illegible] by Bell range from 40 cents for a share [illegible] a few days ago. Procurable in San Francisco at from 40 cents to 1 cents per share, and that Bachelors, which has been selling at $1 is procurable at from [illegible] to 2½ cents per share. The use and dealing of the market might in some cases account for such a variation, but these were practically simultaneous quotations, San Francisco and Colorado Springs.

Mr. Bell had evidently been anticipating some such revelation of his dealings. A day or two before this article was published he was desirous of closing another advertising contract with the Gazette, appearing very desirous of keeping the paper, and when he found that the Gazette was not [illegible] he must have gone ahead and made quiet preparations to move from town so that when the Gazette appeared on Wednesday [illegible] were all ready to take [illegible].

[illegible] gone.

And as a result of his departure there is a sign in the window of No. 51 North Tejon reading:

FOR RENT.

The rooms have moved badly. There is no agent left to inform those inquiring persons who bought the [illegible] where he has gone. The pictures of oil gushers, and wildernesses of derricks have vanished, the modest office appointments have been carted away, and nothing but the bare walls remains. The oil man has folded his tent and departed for other fields, which, perhaps, there is no Gazette to follow him about him.

Colorado Springs is unfortunately not the only cities in an investment craze. Thousands of dollars are put into fake corporations and enterprises every year, and there is not room for a man who sells worthless stocks at many times the market value.

The lesson is as Tyree A. Bell evidently intended it should be learned for him.

[illegible] the most vigorous and hearty in the land at times a feeling of weariness and exhaustion. To dispel this feeling take Herbine, it will impart vigor and vitality. Price, 50 cents. Hedley Aristarchus Drug Co., 21 S. Tejon st.

MONEY TO LOAN ON MINING STOCKS

MONEY TO LOAN ON STOCKS

MUST BELIEVE IT.

When Well-Known Colorado Springs People Tell it So Plainly.

When public endorsement is made by a representative citizen of Colorado Springs the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble should find profit in the reading:

Mr. David DeGraff, of 515 N. Weber street, says: "If I did not know that Doan's Kidney Pills keep kidney complaint in check, if they had not helped me from the first dose I took, I never would have bought some at a dozen boxes at the Smith-Wilson Drug Co.'s store. 31 North Tejon st. Nor neither would I have given two boxes to a friend of mine interested in selling property, nor could I be induced to recommend the preparation."

Remember the name Doan's—take no substitute.

CRIPPLE CREEK, COLORADO.

YOU'LL BE WELL

pleased when you see these lots, 7 blocks east and 5 blocks north from the postoffice.

The safest place in this life is on earth, and it is equally true that the safest investments are in Colorado Springs real estate.

Houses and Lots do not take wings unto themselves like many other investments.

With the appearance of this advertisement we will have ready an entirely new addition to Colorado Springs, which we will offer you as an investment.

Colorado Springs is not an aggregation of houses waiting for people to occupy them; it is an aggregation of people waiting for houses. It is not a boom town, but a certain rise in real estate values is inevitable.

We offer you your choice of 60 large lots located on East Dale Street, between Institute and Prospect Streets, that for cheapness and beautiful location have no equal.

The best view of the city; the best view of the mountains; an hour and a half more sunshine each day; 20 miles less wind an hour; less dust and less smoke.

The new car line will pass your home in 5 minutes from the Post Office. City water on the ground now.

Think it over, and if you can see the point, come and see me, or any real estate dealer.

Your credit is good.

JOHN I. FRANKLIN, Room 8, DeGraff Block

The Gazette is the Only Newspaper in the State with Its Own Private Wire to the Colorado Springs Mining Stock Exchange.

THE COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs, April 3.—The market today was no improvement over that which has prevailed for some weeks, now. Indeed the general tone was one of weakness and uncertainty, and very light trading withal. The mines list manifested a few redeeming features, although the business done there was very scant; and in the preferred prospects list Central Consolidated was the only stock which excited any especial attention. As for the prospects, there were only three of them dealt in, and the unclassified list, which is a very long one, was spotty, and generally off color. The original contention which has been reiterated several times in this letter, that the market will not improve until the lists become more settled, is more apparent than ever. There is almost no demand for stocks of any kind, and some brokers are urging sales now thinking that recoveries can be made at lower figures later on.

The market upon the afternoon call remained inactive and dull generally. Trading in the mines was light. Anaconda 43½, Butterfly strong at 45, Doctor-Jack Pot 86, Elkton steady at $1.77, Golden Cycle weaker at 76½, Portland opened at $3.05 and closed at $3.03. The best trading of the call was in the preferred prospects. Central was 9⅜ regular. Exploration weaker at 10, Eclipse 9¼ and Little Puck 11½. The prospects were light and featureless. In the list pending examination trading was light. Acacia was 16¾, Sedan 11¾. Zoe was quiet at 5.

The sales for the day amounted to 464,958 shares of which the cash value was $68,205.

ARE YOU PLUMP

or thin? red cheeks or sallow life in your step or feel your weight? are you comfortable or hoping to be so next spring or summer or fall?

One is health; the other is not-quite health.

This condition of not-quite health can be turned into health with Scott's emulsion of cod-liver oil.

It is a pity to get in the habit of thinking of health as a thing to be hoped for; why not go for it now!

There is only one way to make strength: by food. You want appetite first, then food. The emulsion will give you food-rest, to master your food with.

We'll send you a little to try, if you like.
SCOTT & BOWNE, 409 Pearl street, New York.

Going to California?

THE COLORADO-McKITTRICK OIL AND FUEL COMPANY

Capital Stock 500,000 Shares.
In Treasury, 250,000 Shares.

Before investing in Oil stocks, investigate these points:

1st. Are the lands of the company actually in a WELL-KNOWN AND PROVEN OIL DISTRICT?

2d. Does the Company actually own its lands, or are they leased on a royalty basis for a term of years only?

3d. Is the Company organized solely for the purpose of DEVELOPING ITS LANDS AND THE PRODUCTION OF OIL, or is it a scheme to float worthless stock?

4th. Is the stock of the Company fully paid and non-assessable?

6th. Are the lands NEAR A RAIL ROAD and the transportation facilities favorable for marketing its oil, or must it be drawn by team fifty or sixty miles across a desert to the nearest market?

The Colorado-McKittrick Oil and Fuel Company courts investigation on all these points.

What is known as the McKittrick Oil District is now conceded to be one of the greatest oil-producing sections in the state of California, having the largest wells, including those of the famous Kern River Oil company which lie a short distance east of our land, while to the north are the flowing wells of the Climax and Common Sense Oil companies, and to the south the Midway and Sunset district.

Our lands are, therefore, located in the heart of the most completely defined oil belt in the state.

The company owns its land, consisting of 160 acres, and thus will have no royalties to pay, and will have room for a large number of wells.

The stock is fully paid and non-assessable.

The land is situated in the McKittrick district, Kern county, California, and the McKittrick branch of the Southern Pacific railroad is now completed to within 3½ miles of our land, and within a few months will be built very near to the property thus making it possible to market the product with the least possible expense.

No pains or expense have been spared in verifying the reports as to the value of this land. C. H. Congdon, a reliable expert of Kern county, among other things says of this tract: "I consider this one of the best tracts of undeveloped oil lands in the state, and I have no hesitancy in stating that it has equal if not better indications for the successful developing of oil than any other tract of land in Kern county."

This Company is capitalized at 500,000 shares, one half of which is in the treasury. **100,000 Shares of this Treasury Stock are offered at 10 Cents per Share** for the sole purpose of developing OIL on the Company's property.

THE TECUMSEH

Shaft Complete to 128-Foot Depth and Sinking Will Be Resumed Today---Work on the Little Nell Property.

Special to the Gazette.

Cripple Creek, April 4.—The contractors who are working on the Tecumseh claim of the Jolly Jane company near Victor have completed the shaft down to the 128-foot depth and have been engaged in timbering from top to bottom and putting in the compartment. This work has been completed and sinking will be resumed tomorrow. The contractors have made a particularly fine job of the shaft and are making good progress considering the hard character of the rock through which they are sinking. The shaft will be sunk an additional 100 feet or so before any development work is commenced by the company. A good plant of machinery is installed on the property and it will not be long before the shaft is down to a good working depth.

On block three of the Little Nell company's property Lessees Harcourt and associates are drifting north and south on the vein at a depth of 87 feet from the surface. A winze was put down at the fifty-foot level at a distance of about 45 feet from the shaft and the work of connecting the winze with the surface by a straight shaft has already been commenced. This shaft is down to a depth of about 20 feet from the collar and the connection will be made before any great attempt is made at production. The lessees are saving a little ore from the drift in which they are working and will send out the third shipment some time this month. The ore is assaying average values from $20 to $50 to the ton and the shipment will probably bring between one and two ounces.

Lessees on the Electric claim of the Cadillac company at Fair View are running north and south at a depth of about sixty feet. Although the lessees have done considerable development work and opened up some good values at the surface they have not as yet encountered ore in shipping grades.

Symes, Delaney & Sims, leasing block No. 2 of the Deadwood on Bull hill, have reached a depth of 228 feet in the shaft. They will sink an additional 125 feet and start another level 75 feet below the old one. The ore bodies from which they have been producing above will be crosscut for. They will run 50 feet to the east and drift on the vein north and south provided it is encountered where they expected. This vein is from two to three feet in width and has been opened in the 178-foot level for a distance of nearly 100 feet, running in good ore all this way. The values which have been obtained run from $50 to $80 to the ton in shipments. The lessees are maintaining an output of from 10 to 30 tons a week and they expect to increase this tonnage considerably as soon as the new level has been run. They also expect an improvement in the vein.

The lessees on the King Gold on Tenderfoot hill, have drifted for a distance of 80 feet north on the 60-foot level and are opening up some small streaks of ore that run from an ounce to an ounce and a half in value.

Lessees on the Boston and Cripple Creek Co's property have run a 200-foot drift on a large dike at 250 foot depth and expect to reach the vein which traverses the property in the next 25 feet of work. A small vein of low grade ore has been opened in the upper level.

SETTLEMENT OF OLLIE TROUBLES

Interests of the Crestonians Bought Up at 51 Cents on the Dollar---A Lesson Learned From Bitter Experience.

A year or so ago, as was duly announced in the Gazette at the time, certain people in Creston, Ia., were induced to purchase the Ollie lode in the Cripple Creek district. It was understood that the property was sold on the basis of $50,000 and that Willis George Emerson, W. C. Henry, George W. Bilbo, J. B. Harsh and others were mixed up in the selling side of the deal.

Prominent among the purchasers were a number of astute business men of Creston, Ia., who had won fame and fortune by reason of the very large profits earned by them through their investment in the Creston leasing company. This corporation owned and operated the famous Creston lease on the Jack Pot claim on Raven hill belonging to the Jack Pot company. As a result of these operations the Jack Pot company came into prominence as a dividend payer, the great value of the property made known and Jack Pot shares made a tremendous advance in price.

The Ollie lode is located to the west of the town of Cripple Creek and the price of $50,000 was generally commented upon as being an exorbitant figure as there are no pay mines in this vicinity. Good ore was, at one time, supposed to be showing on the property, but after the examination had been made and the purchase price had been paid there were loud rumors of salting and then legal proceedings were talked of.

The talk eventually developed into something practical. The Creston people spared neither time, trouble or money in securing witnesses and attempting to perfect their case. As a result the matter came to trial a few weeks ago, action being brought against J. B. Harsh, Willis George Emerson, W. C. Henry and George W. Bilbo. However, after practically all the evidence had gone to the jury there was a proposition made to buy up the Creston interests. This was eventually agreed upon and the stock was assigned to J. B. Harsh, the purchaser, at 51 cents on the dollar.

Thus did the great Ollie lode case end with probably both factions profiting much by bitter and costly experience.

OIL STRUCK IN ROUTT

The Northwestern Oil Company Has Encountered a Pay Flow at a Depth of 1,250 Feet---Thought to be From First Strata.

The good news comes from Routt county that a pay oil well has been struck on the ground of the Northwestern Oil company in which local capital is largely interested.

The strike was made about eight or ten days ago and since then the manager at the property has been able to form conclusions and make the announcement that a pay well has been opened up. A month or so ago, it will be remembered, the derrick over this well was destroyed by a rush of gas. Since then, however, the plant has been repaired and work continued downwards.

The present flow of oil, which comes from a depth of 1,250 feet, is thought to be from the first stratum. It is expected that the second stratum will be encountered at a further depth of 200 feet or at a total depth of 1,600 feet at the outside. With this in view the work will be continued downwards as rapidly as possible. At present operations are delayed as there is no casing on the ground. This has already been purchased at Florence and is now on its way to the oil field. Owing, however, to the snow and consequent bad roads, it takes a long time to get the casing to the ground.

Some samples of the oil flowing from the well have been received in this city and is classed as a very high grade oil. Samples from the surface were tested months ago at Colorado college and the results indicated the discovery of a high grade oil. The discovery at depth has proved this although, naturally, the oil from a depth of 1,250 feet has a larger percentage of illuminating properties than that which was tested from the surface after an unknown amount of evaporation. The high grade oil, with a large percentage of lubricating, engine and dynamo oil, seems to be found both in Routt and Rio Blanco counties. It is said to be better than the average and to equal the best California oils and to be worth from $4.00 to $5.00 per barrel.

DORSEY BACK FROM BEAUMONT

His Account of the Wonderful Oil Fields, and the Excitement---About the Market and Transportation Facilities.

H. H. Dorsey, second vice president of the Grace Oil company returned yesterday from Beaumont, Tex., most enthusiastic over the present showing and the promise of the fields.

"People are pouring in from all parts of the United States," he said, "and some from so far as Canada and the accommodations in the town are far inadequate. It is such an excitement as has never been seen before."

Mr. Dorsey stated that the Lucas well is now flowing 35,000 gallons in 11 hours, the entire output going by way of a pipe line to Port Arthur. The other three wells have been shut off until additional pipe lines can be constructed and reservoirs are built as now there is no possible accommodation for the immense flows of oil.

Another line is in construction to Galveston and a line is being surveyed to New Orleans, a distance of about 200 miles.

"When this oil is more available," said Mr. Dorsey, "it will revolutionize the entire question of fuel for the south. It has been demonstrated that one ton of oil is equal to [illegible] coal and there is no question but that the oil will be used as a fuel [illegible] in the south for fuel as soon as [illegible] are used in California. There is no the slightest doubt of the fuel and the fields are so far [illegible] and the flows are so much too great for any competition even [illegible] attempt to control the situation. With the many transportation facilities at hand—pipe lines (and about $25,000 will build one to tide water) railroads and the Natchez river, which is navigable, each company can create its own market and hold it.

"There are now some 70 or 40 wells being drilled, and others are being started just as rapidly as machinery can be secured. The local dealers were long ago cleaned out and now orders have been placed as far as Ohio and Virginia. The Grace company is now negotiating for machinery and expects to have one on the ground in two or three weeks.

"The Mexican Central railway has granted a 16 year contract to one Texas oil company and will burn oil exclusively in its locomotives.

"The interest in these wonderful fields is constantly growing in this city. A large party left Tuesday and more went yesterday. Among others are Joe Evans, Herbert Gardner, J. K. Vanatta, Jo Wade, C. W. Kline, S. T. Mattocks and R. Hutchison."

EASTERN MARKETS.

New York, April 3.—Today was a record day in many particulars on the New York Stock exchange. The extent and variety of the price movement have rarely, if ever, been equaled in a bull market, although the crumbling of prices in a panic has occasionally caused as wide variations. All ordinary standards fail in the computation of such a market. The forces in operation were Titanic in their power and effect. The undeviating success of the speculative leaders in advancing prices made them bold to a degree which it is moderate to term recklessness. They bought with an unsparing hand, through the stunning avalanche of offerings which was hurled upon them on the advances and lavished their resources apparently with an abiding conviction that the astounding rise in prices, now so long continued, was destined to go indefinitely further.

That the speculative spirit was still rampant among a large circle of the public was obvious from the large and eager following which was attracted by any show of strength at any point in the list. It cannot be said that news in the ordinary sense had anything to do with the extraordinary bouyancy of the market, although rumors were plentiful and all-embracing. It was also a marked characteristic of the market that the dealings were heavily predominant in a limited number of stocks, and that the general speculation was decisively influenced by the movement of these. Two stocks stand out conspicuously even in this list, the price movement in which was astonishing throughout. These are Delaware and Hudson and Rock Island. The former stock was the conspicuous leader of the early rebound from the slight opening depression. Rumors were circulated that a lease had been signed by which the New York Central took control and guaranteed a dividend of 7 per cent for a year and 8 per cent annually afterwards. The stock was run up from an extreme 13½ points to 185½. Rock Island was under rather severe pressure at the opening and was forced 1½ under last night. It was not until late in the day that it assumed the leadership of the market, when it was rushed up, by rapid stages on the purchase of blocks of thousands of shares to 151, at which point it closed at an extreme rise from the lowest of 13¾ points. It is not often in the history of stock markets that such a movement is witnessed in a stock of a large floating supply, a large capital issue and the holdings of which are widely distributed. There were kindred movements to these elsewhere, both amongst the grangers and the coalers. The buying of the grangers seemed to be based largely on general considerations, the large earning power of that group of railroads even in face of last year's spring wheat shortage being cited as giving assurance against the ordinary vicissitudes of the crops, to which they have been so sensitive in the past. The movement resulted in an extreme advance of 8¾ in Burlington, 6 in St. Paul and Omaha, 5 in the preferred, 3¾ in Northwestern, 4¾ in the preferred, 2⅞ in St. Paul and 3½ in the preferred. The rise in Lackawanna was obviously in sympathy with that in Del. and Hudson and extended to 6½. People's Gas became very buoyant at the last and rose an extreme 4¾ in sympathy with Rock Island. There was an enormous amount of profit-taking during the day and only a few stocks escaped without serious inroads upon their best prices, the reaction extending to as much as 5 in Delaware and Hudson and large amounts in other volatile. There were some important stocks which showed no advance movement all day, some of them closing at declines. This was notable enough of the steel stocks, which were under pressure all day and were much less actively traded in. The engagement of an additional $1,000,000 in gold for export was totally ignored. The demands of the enormous speculation made no impression upon the money market and the additional purchases of government bonds by the secretary of the treasury kept opinion optimistic over the money outlook.

Dealings in bonds were large and the market irregular. Total sales, par value, $3,685,000.

United States new 4s advanced ¼ and old 4s, coupon, declined ¼ per cent on the last call.

New York Money Market.

New York, April 3.—Money on call steady at 2@3c. Prime mercantile paper 3½@4½.

Sterling exchange easier with actual business in banker's bills at $4.88@¼ for demand and $4.84¾@⅞ for sixty days. Posted rates $4.85½@4.89. Commercial bills $4.84½.

Silver certificates 58½@60. Bar silver 58⅝. Mexican dollars 46½c.

Bonds—Government irregular; state easier; railroads irregular.

Chicago Grain and Provisions.

Chicago, April 3.—Titanic speculative forces combatted each other in the cereal pits today. A fierce attack by the bear contingent compelled a sharp decline in all the grains. Longs, led by Phillips, suffered severely, but retired from the field still unbeaten. Phillips was driven from the wheat market, but held to corn and oats which he is credited with controlling. May wheat closing 1⅞@2c lower, May corn 1⅞c down and May oats ¾@⅞c depressed. Provisions closed 17½c higher to 15c lower.

Bear forces which had been gathering their energies for the onslaught meant, it was believed by many, for the crushing of George H. Phillips, credited with being in control of the market, broke out at the opening of the corn market, as they also did in wheat and oats. Enormous selling pressure, influenced somewhat, perhaps, by weak cables, was exerted at the opening. May was sold from 42¾@42c, compared with Monday's close at 43½c. This marked a decline of over 2c since Saturday, yet Phillips and his following, controlling many millions of bushels, held fast. Phillips, on the contrary, acting through a new force of brokers, rallied to the support of the market and added still more to his holdings, even then estimated close to 10,000,000 bushels. May gradually worked back to 43c when the bear attack, aided by weak longs again began their hammering tactics and sent May back to 40¾c, under a deluge of corn. The bulls, aided by shorts who covered to secure profits, forced the price back to 42¾. This was followed by another sharp reaction and the close was weak, May 1⅞c under Monday at 41⅝c. Local receipts were 394 cars, 93 of contract grade for two days. Country offerings were meager, but the shipping demand was also slack.

Wheat was active and weak under the combined influence of the corn market, weak cables, heavy receipts, and good weather. May opened ⅛@1⅛c lower at 73⅝@⅞c under liquidation led by Phillips. Twice slight rallies took place under reports of heavy export sales, but the liquidation continued and May yielded to 71⅛@⅜c. Profit-taking by shorts caused a rally near the end, but the close was weak, May 1⅞@2c lower at 72¾@⅞c. Export sales were said to aggregate more than 1,000,000 bushels, 200,000 bushels from here. Primary receipts were 1,240,000 bushels, compared with 1,097,000 bushels last year, while seaboard clearances of wheat and flour were equal to 36[illegible] bushels. Local receipts for two days were 127 cars, one of contract grade. Minneapolis and Duluth reported [illegible] cars against 306 last week and [illegible] year ago.

Oats showed remarkable weakness in the face of surrounding weakness as there was considerable buying for reaction in consequence. In this market as in corn Phillips, heavily interested, stood firm. Good outside buying and an excellent cash demand also worked to sustain the market. May sold between 25⅝c earlier and 24½c and closed ¾@⅞c lower at 24⅞c. Receipts were 354 cars.

Provisions were active and irregular, the market being strong for lard and ribs, but weak for pork. An excellent cash demand led to heavy buying of lard and ribs for future delivery. Mess pork sold between $15.65 and $15.40 and closed 15c lower at $15.45; May lard between $8.37½ and $8.60, closing 17½c higher at $8.47½c, and May ribs between $8.[illegible] and $8.30 with the close 5c improved at $8.25.

Estimated receipts tomorrow: Wheat, 90 cars; corn 265 cars; oats 359 cars. Hogs, 25,000 head.

9 rooms, range, good cellar, lawn, shade, etc; $900 cash down takes this—a good property 2,100

AT ONCE.
Without delay, the below described property must be disposed of. This is no bluff to sell a piece of realty. It is a plain business proposition and a gilt edge investment. Look:
Situated in that part of the city toward which the eyes of the city property buying public are now turned; line of the new rapid transit extension runs right by the property; lot is 50x150, and has two modern houses. One house has eight large rooms, and faces on Prospect street. The other house has three rooms, and faces on Cache la Poudre street. No more desirable home can be found in the city limits. A first-class lawn, shade trees, walks and fences are some of the outside features. The property can be made to return a rental of $50 per month. The sale price if sold at once—is $4,100. The best of terms are offered to prospective buyers. After the street car extension is completed the property will be worth $5,000. It is needless to say more.

LEGAL NOTICES

Notice For Proposals.

Sealed proposals for the furnishing of all materials, supplies, labor and expense necessary for grading, curbing, macadamizing and parking in the "Cascade Avenue Improvement District of the City of Colorado Springs," as ordered by the City Council of the City of Colorado Springs in an ordinance passed on the 25th day of March, A. D. 1901, in accordance with plans and specifications adopted and prescribed by the City Council of the City of Colorado Springs, the said Cascade Avenue Improvement District covering that portion of North Cascade Avenue in the City of Colorado Springs, extending from the northerly line of San Rafael Street to the southerly line of Del Norte street in said city, will be received at the office of the City Clerk in the City Hall in the City of Colorado Springs aforesaid, until 2 o'clock p. m., on the 22d day of April, A. D. 1901.

To insure good faith on the part of the bidder, a certified check in the sum of One Thousand Dollars ($1,000) must accompany each bid, payable to the City Treasurer of the City of Colorado Springs and to be forfeited to the City of Colorado Springs as liquidated damages in case the bid shall be accepted and the bidder shall fail for ten days after notice of such acceptance, given personally or by mail to his address, to enter into the contract awarded to him.

A printed copy of said ordinance, advertisement and notice to bidders may be examined at the office of city clerk, and a statement of the work, specifications, blank forms for proposals, contract and bond may be examined at the office of the city engineer of said city on and after April 8th, 1901, and until three o'clock p. m. on the 22nd day of April, A. D. 1901.

Upon the opening of bids the City Council will proceed without unnecessary delay to canvass the same and award the contract to the best responsible bidder. The successful bidder will be required to furnish a bond of Ten Thousand Dollars, ($10,000) to be approved by the City Council.

The right is hereby reserved to reject any and all bids and to advertise for other bids or otherwise as the City Council may deem best.

By order of the City Council.
I. S. Harris,
City Clerk of the City of Colorado Springs.
First Publication March 30, 1901.
Last Publication April 18, 1901.

Colorado Springs, Colo., March 8, 1901.
A meeting of the stockholders of The Requa-Savage Gold Mining company will be held at 7:30 o'clock p. m., on Tuesday, April 9, 1901, at the office of the secretary, room 28 Midland block, city of Colorado Springs, Colo., for the purpose of electing a board of directors and the transaction of such other business as may properly come before a stockholders meeting.
The transfer books of the company will be closed at 12 o'clock, noon, on Saturday, April 6, 1901, and re-opened the day following the final adjournment of the meeting.
By order of the board of directors.
R. B. Taylor, Secretary. Frank Finegan, President.

Notice of Dividend No. 8.

The Mary McKinney Mining Company.
Notice is hereby given that there has been declared a dividend of 3c per share payable April 10, 1901, to all shareholders of record on that date. The books will close for transfer of stock April 8th, 1901.
A. C. Van Cott, Secretary.

LEGAL NOTICES

Notice of Special Meeting of Stockholders.

Notice is hereby given that a special meeting of the stockholders of the Gould Mining and Milling Co., will be held at room 44, in the Postoffice building in the city of Colorado Springs in the county of El Paso and state of Colorado on the 30th day of May, 1901, at the hour of 10 o'clock a. m., for the purpose of ratifying and confirming the action of the board of directors of said company, at a meeting of said board, held on the 1st day of April, A. D., 1901, reorganizing said company under the name of the Gould Consolidated Mining company with a capital stock of 2,000,000 shares, the capital of said company in excess of 1,250,000 shares to be used in acquiring property and liquidating the present indebtedness of the Gould Mining and Milling company, and for such other purposes for which the same may be required.

Dated at Colorado Springs, Colo., this 1st day of April, A. D., 1901.

(Attest) D. WEYAND, President.
E. M. PURDY, Secretary.
First publication April 2, 1901.
Last publication May 2, 1901.

Notice.

To the Stockholders of The Manitou Mining and Milling company:

Notice is hereby given that in pursuance of a resolution of the board of directors of this company, a meeting of all the stockholders of this company is hereby called to be held at rooms 202-204, Bank block, corner Fourth street and Victor avenue, in Victor, Teller county, Colorado, on the 9th day of April, A. D., 1901, at 10 o'clock a. m., for the purpose of ratifying and confirming the sale of an undivided one-half (½) interest in and to the Ophir, Oriental, Occidental and Virginia lode mining claims, heretofore belonging to this company, and for the purpose of transacting all business incident thereto, at which time and place you are requested to be present, either in person or by proxy.

The Manitou Mining and Milling Co.,
By E. A. Byler, Secretary.
First publication, March 29, 1901.
Last publication, April 7, 1901.

Stockholders Meeting.

The stockholders of the Sunflower Mining company are hereby notified that a general stockholders meeting of this company will be held at its office in Colorado Springs, Colorado on Thursday, the 11th day of April, 1901 at 8 o'clock a. m., for the purpose of considering and voting upon a proposition to increase the capital stock of the company from fifty thousand dollars to one million dollars.

They are Personally Conducted.

The California Tours, twice a week, via the Colorado Midland railway, leaving Denver 8:30 a. m., each Wednesday and Thursday, are under the personal supervision of experienced excursion managers who accompany each party through to Los Angeles, in the splendid Pullman tourist sleepers which are used for these tours. Special attention is given to ladies and children traveling alone; places of interest enroute pointed out; descriptive pamphlets furnished, everything done for the comfort and enjoyment of passengers. The best of Colorado scenery is passed by daylight. The cost of double lower berth in tourist sleeper through from Denver to Los Angeles or San Francisco is but $4.50.

NOTICE:
To all the good people who have traveled around,
Look out for low prices that are offered in this town.
When they offer goods so cheap we all know their game;
When their prices are so low the quality is the same.
Some advertise low prices—that is all they can do;
But it don't catch them all; it only catches a few.
When you buy fish you want it fresh and sweet.
Anyone knows the kind we handle cannot be beat.
To handle the best goods is always our aim,
And our prices are no higher than others if the quality of their goods is the same.
